

AGRICULTURE AND ALLIED SECTORS — FULL MIND MAP

Topic-wise · Fully Explained · Hinglish · SSC / BPSC / BSSC / Railway

Topics in this chapter:

1. Farmers, Agricultural Policy, Marketing & Farmer Support
2. Land Reforms, Tenancy, Holdings & Agrarian Systems
3. Agriculture in GDP, Census & Agricultural Households
4. Major Crops, Production, Sown Area, Growth & Food Security
5. Horticulture, Fruits, Vegetables, Spices & Plantation Crops
6. Agricultural Trade, Exports, Imports, Edible Oils & Silk
7. Agricultural Productivity, Employment & Cash Crops
8. RKVY, Agro-Climatic Regions, Horticulture Mission & Labour Support
9. NFSA, Food Safety, NFSM, Entitlement & PDS
10. Dairy, Livestock, Fisheries & Allied-Sector Development
11. Agricultural Revolutions & Green Revolution
12. Sustainable Agriculture, Soil Health, Millets, PM-AASHA & Extension
13. Crop Insurance & Weather Insurance
14. Watershed, Irrigation, KUSUM, Land Records & Groundwater Schemes
15. Agricultural Institutions, Cooperatives, Markets & Research Centres
16. Sugarcane FRP, MSP, CACP, Procurement & Price Policy
17. Crop Seasons, Farm Costs & Agricultural Finance
18. Kisan Credit Card, Kisan Rin Portal & Rural Credit Milestones
19. Price Stabilisation Fund, Minor Minerals & Agricultural Tax Rules

1. Farmers, Agricultural Policy, Marketing & Farmer Support

- Har saal 23 December ko former Prime Minister Chaudhary Charan Singh ki birth anniversary par Farmers' Day / Kisan Diwas celebrate kiya jaata hai. [Q1]
- Farmers' Produce Trade and Commerce (Promotion and Facilitation) Bill, 2020 September 2020 mein pass hua tha aur December 2021 mein repeal kar diya gaya. Iska aim farmers aur traders ko APMC mandi ke bahar bhi farm produce ki sale-purchase ke liye choice aur freedom dena tha. [Q2]
- 1 February 2020 ke Union Budget mein teen major components the; pehla component 'Aspirational India' tha. Iske under agriculture, irrigation aur rural development ko first priority item rakha gaya. [Q3]
- Genetic industries agriculture se related hain; sale/profit ke liye selected plant aur animal species ki breeding aur growth ki jati hai. [Q4]
- Food management mein foodgrain procurement, distribution, buffer-stock maintenance aur price stability ke liye storage shamil hain; foodgrain export iska component nahi hai. [Q5]
- Agricultural marketing mein produce ki collection, storage, processing, transport, packaging, grading aur distribution jaise steps shamil hote hain. [Q6]
- September 2024 mein FCI ne apne supply-chain management system ko modernize karne ke liye comprehensive digital-transformation initiative launch kiya. Yeh Department of Food and Public Distribution ke 100-day achievements ka part tha. [Q7]
- Minimum Support Price (MSP) farmer ko price-crash se protection deta hai; market price MSP se neeche jaane par government procurement support ke through produce ko minimum assured price par purchase kar sakti hai. [Q8]
- Green Revolution aur post-Green Revolution period mein agriculture ke progress mein public aur private capital formation—dono ka important contribution raha. [Q9]
- PM-KISAN ek 100% Central Sector Scheme hai, jise 24 February 2019 ko farmers ko income support dene ke objective se launch kiya gaya. [Q10]
- Pradhan Mantri Kisan Samman Nidhi (PM-KISAN) 24 February 2019 ko launch hui, lekin scheme ko December 2018 se effective maana gaya. [Q11]
- National Agriculture Market ka aim farmers ko better price aur agricultural commodities mein transparent trading dena hai. Iska electronic portal e-NAM 14 April 2016 ko launch hua. [Q12]
- Chaudhary Charan Singh Nehru ke Soviet-style economic-development model ke critic the. Unka maanna tha ki India mein cooperative farming successful nahi ho sakti. [Q13]
- 'Small Farmer Large Field' ek coordinated model hai jisme area ke kai marginal farmers group bana kar selected agricultural operations ko synchronize aur jointly manage karte hain, taaki small farmers ki livelihood improve ho. [Q14]
- Jin farmers ke paas kuch productive resources hote hain lekin woh wealthy nahi hote, unhe 'Bullock Capitalists' kaha gaya. Lloyd aur Susanne Rudolph (1987) ke context mein ye self-employed, self-financed producers hote hain jinke paas adequate holding aur bullocks ka pair hota hai. [Q15]

EXAM TRAP — Data Ambiguity — Do Not Guess

► Data ambiguity ki situation mein unsupported conclusion infer nahi karna chahiye.

[Q2]

2. Land Reforms, Tenancy, Holdings & Agrarian Systems

- Independence ke samay land ownership kuch hands mein concentrated thi; multi-cropping scheme land-reform measure nahi thi. [Q16]
- Land-reform framework mein ye sabhi listed provisions/components shamil the. [Q17]
- Land reforms ka broad objective social justice ke liye landholding ownership ko redistribute karna aur optimal land use ke liye operational holdings ko reorganize karna hai; tenancy reforms bhi isi direction mein kaam karte hain. [Q18]
- Land Ceiling legally fixed maximum landholding limit hai; is limit se zyada land koi farmer legally hold nahi kar sakta. [Q19]
- Agriculture Census 2015-16 mein marginal holding <1 ha, small 1-2 ha, semi-medium 2-4 ha, medium 4-10 ha aur large holding ≥10 ha classified thi. [Q20]
- 1 to 2 hectares landholding wala farmer Small farmer category mein aata hai. [Q21]
- Agriculture Census 2015-16 mein Bihar ka average agricultural holding 0.39 hectare tha, jo States ke comparison mein second-lowest tha; Kerala 0.18 hectare ke saath lowest tha. [Q22]
- Rural poverty farmers ki advanced agricultural technology mein investment capacity ko limit karti hai. India ki agriculture-dependent population ka major hissa rural areas mein rehta hai. [Q23]
- Individual cultivator ko allotted land Ryotwari system, large feudal lords ko allotment Jagirdari system, revenue farmers/tehsildars based arrangement Zamindari system aur village-level land-revenue settlement Mahalwari system kehlata hai. [Q24]
- Technological progress broadly labour-augmenting aur capital-augmenting ho sakta hai. Agriculture mein wooden plough ki jagah steel plough ka use capital-augmenting technological progress ka example hai. [Q25]

3. Agriculture in GDP, Census & Agricultural Households

- 2008-09 mein agriculture aur allied sectors ka GDP share lagbhag 15% tha; 2025-26 first advance estimate mein current-price GVA share 16.78% estimate hua. [Q26]
- Agriculture ka national-income/GDP share year aur price-base ke saath change hota hai; 2023-24 mein current prices par agriculture-allied GDP share lagbhag 16% tha. [Q27]
- Agriculture and allied sectors ka GDP share 2023-24 (PE) mein current prices par 16% tha; 2025-26 first advance estimate mein current-price share 16.78% estimate hua. [Q28]
- Agriculture-allied sector ka GDP share 1990s ke mukable kaafi ghata; 2024-25 mein current prices par ye lagbhag 16% tha. [Q29]
- 2010-11 mein agriculture aur allied sectors ka GDP contribution 14.5% (lagbhag 15%) tha. Economic Survey 2024-25 mein 2024-25 ke current-price GDP mein iska share lagbhag 16% diya gaya. [Q30]
- India jaise developing country mein agriculture aur rural economy livelihood, food security aur industry-service sectors ko support karte hain. Development ke saath agriculture ka GVA/GDP share generally decline hota hai: 1950 mein share lagbhag 52% aur employment lagbhag 70% tha, jabki 2019 tak GDP share around 16% aur employment share around 42% reh gaya. [Q31]
- Planning ke start 1950-51 mein agriculture ka GDP share lagbhag 52% tha, jo time ke saath decline hua. 2023-24 mein current-price GDP share around 16% tha; 2025-26 first advance estimate mein agriculture-allied GVA share constant prices par 13.84% aur current prices par 16.78% estimate hua. [Q32]
- Agriculture Census 2015-16 mein small aur marginal holdings total holdings ka 86.2% the aur operated area ka 47.3% manage karte the. Number of holdings mein Maharashtra third tha, jabki operated area Rajasthan mein sabse zyada tha. [Q33]
- MoSPI ke National Sample Survey Organisation ne 70th Round (January-December 2013) ki Situation Assessment Survey of Agricultural Households ke key indicators December 2014 mein release kiye. [Q34]
- 2014 NSSO estimate mein agricultural year July 2012-June 2013 ke dauran rural India mein around 90.2 million agricultural households the; rural households mein agricultural-household share around 57.8% tha. [Q35]

EXAM TRAP — GDP Share is Period-Specific

- ▶ Agriculture/GDP contribution ke figures different years/periods par based hain; inhe ek single 'current' value samajhkar merge na karein.

[Q26, Q27, Q28, Q29, Q30, Q31, Q32]

4. Major Crops, Production, Sown Area, Growth & Food Security

- India mein soybean cultivation ka sabse bada area Madhya Pradesh mein hai. [Q36]
- Earlier productivity comparison mein Australia relevant tha; January 2026 USDA ke 2024-25 figures mein China top country hai. [Q37]
- 2024-25 data mein cotton yield Kerala mein highest, lagbhag 1,495 kg/ha thi. [Q38]
- Cotton ke liye black soil sabse suitable maani jaati hai; India mein yeh especially Gujarat, Maharashtra, Punjab aur Andhra Pradesh ke cotton-growing areas se associated hai. [Q39]
- Economic Review 2025-26 ke hisaab se Uttar Pradesh ka 2023-24 foodgrain production 60.29 million tonnes tha, jo country ke total production ka 18.14% tha; 2024-25 mein UP ka production 63.85 million tonnes (17.85%) report hua. [Q40]

- 2020-21 ke Fourth Advance Estimate mein India ka total wheat production 109.5 million tonnes tha. [Q41]
- 2024-25 wheat production ka descending order Uttar Pradesh > Madhya Pradesh > Punjab > Haryana > Rajasthan raha. [Q42]
- 2021-22 production leaders: Nutri-cereals—Karnataka; total pulses—Madhya Pradesh; groundnut—Gujarat; soybean—Maharashtra. [Q43]
- 2021-22 pulses production mein Madhya Pradesh leading tha; area ke hisab se Rajasthan leading State tha. [Q44]
- 2021-22 mein pulses production mein Madhya Pradesh first tha. [Q45]
- 2021-22 mein West Bengal India ka largest rice-producing State tha. Economic Review 2025-26 ke 2024-25 data mein top three: Uttar Pradesh (20.76 MT) > Telangana (17.45 MT) > West Bengal (16.02 MT). [Q46]
- 2024-25 rice production ka descending order: Uttar Pradesh > Telangana > West Bengal > Punjab > Chhattisgarh. [Q47]
- Wheat irrigation mein Crown Root Initiation (CRI) stage sabse critical hoti hai. Agar farmer ke paas sirf ek irrigation available ho, to irrigation CRI stage par deni chahiye. [Q48]
- Agricultural Statistics 2015 ke 2012-13 provisional data mein Net Area Sown 13.99 crore hectare tha. Net Area Sown mein crops aur orchards ke under actual sown area count hota hai aur ek hi land ko saal mein multiple sowing ke bawajood ek baar count kiya jaata hai. 2023-24 mein net sown area 138.99 million hectare tha. [Q49]
- India ki cropping intensity 2023-24 (P) mein 156.8% thi; older period ke data mein lagbhag 135% figure bhi milta hai. [Q50]
- Earlier period mein 2004-05 relevant high-production year tha; Economic Review 2025-26 mein 2015-16 se 2024-25 tak foodgrain production ka overall rising trend dikhai deta hai. [Q51]
- 2014-15 mein agriculture aur allied sectors ki growth constant 2011-12 prices par -0.2% record hui thi. [Q52]
- Agriculture and allied sectors ki annual average growth rate 2002-03 mein negative hui; 2014-15 mein bhi sectoral growth negative recorded hui. [Q53]
- 1997-98 mein Indian agriculture ka production growth lagbhag -1% record hua tha. [Q54]
- Third Five Year Plan period mein agriculture ne negative growth dikhai; 1961-65 ke around agricultural-production growth rate lagbhag -1.0% record hui. [Q55]
- Green Revolution ke baad India mein foodgrain production sharply increase hua: 1950-51 mein lagbhag 50.8 million tonnes se badhkar 2001-02 mein 211.9 million tonnes ho gaya. [Q56]
- Foodgrain stock adequate hona alone food security guarantee nahi karta, kyunki har household ki purchasing capacity same nahi hoti. 1960s ki Green Revolution ne foodgrain production mein unprecedented increase kiya. [Q57]
- Population growth ke comparison mein agriculture mein mechanisation, technology adoption aur institutional reforms ki pace insufficient rehne par productivity aur structural transformation slow ho sakta hai. [Q58]
- Foodgrain subsidy 1992-93 mein ₹2,800 crore thi aur 1998-99 tak ₹8,700 crore ho gayi, yani lagbhag 3.1 times increase. Budget Estimates 2026-27 mein total subsidies ₹4,54,773.28 crore propose ki gayi, jisme food, fertilizer, petroleum, interest aur other subsidies shamil hain. [Q59]

EXAM TRAP — Production & Growth Data are Year-Specific

► Crop-leading States, production estimates aur growth rates year, advance estimate aur Five-Year Plan period ke saath change ho sakte hain.

[Q36, Q37, Q38, Q39, Q40, Q41, Q42, Q43, Q44, Q45, Q46, Q47, Q48, Q49, Q50, Q51, Q52, Q53, Q54, Q55, Q56, Q57, Q58]

5. Horticulture, Fruits, Vegetables, Spices & Plantation Crops

- India milk, pulses, jute aur spices ka major/leading producer hai; 2024 rice-production data mein India ne China ko overtake karke top position li. [Q60]
- Fresh vegetables aur fruits production mein China world leader hai; India second position par hai. [Q61]
- 2024-25 ke horticulture estimates mein banana, guava aur mango major fruit crops hain; 3rd advance estimate mein banana 39.51 million tonnes, guava 5.61 million tonnes aur mango 23.27 million tonnes ke around tha. [Q62]
- APEDA 2015-16 data mein India ne 12,01,245.29 metric tonnes onion export kiya, jiska total export value ₹2,747.41 crore tha. [Q63]
- 2022-23 mein India turmeric ka world ka largest producer aur exporter tha. [Q64]
- June 2023 India-US state visit ke dauran 6 pending WTO disputes resolve karne par agreement hua. India ne apples samet 8 US products par additional duties remove ki, aur Indian steel-aluminium ko US market access restore hua. [Q65]
- Kashi Lalima bhindi/okra ki variety hai aur ise summer ke saath Kharif season mein bhi grow kiya ja sakta hai. [Q66]
- Major fruit-producing State pairs: Mango—Uttar Pradesh; Litchi—Bihar; Coconut—Kerala; Apple—Jammu & Kashmir. [Q67]
- World mein coffee production ka leading country Brazil hai; Mongolia coffee-production leader nahi hai. [Q68]
- Coffee production ka 2016 descending pattern Brazil > Vietnam > Colombia > Indonesia tha. FAO 2024 data mein top five Brazil, Vietnam, Colombia, Indonesia aur Ethiopia hain. [Q69]
- Coffee—Uzbekistan pairing geographically suitable nahi hai: commercial coffee mainly “Coffee Belt” (23.5°N–23.5°S) mein grow hoti hai, jabki Uzbekistan roughly 37°–46°N par hai aur climate suitable nahi hai. [Q70]
- Coffee Board ke 2025-26 post-monsoon estimate mein Karnataka coffee production mein first position par tha. [Q71]

6. Agricultural Trade, Exports, Imports, Edible Oils & Silk

- Indian exports ko broadly major categories mein divide kiya ja sakta hai; agriculture aur allied exports mein coffee, tea, oilcakes, spices, dry fruits, fruits aur vegetables jaise products shamil hain. [Q72]
- Agricultural Statistics at a Glance 2024 ke last-five-year import data mein value ke basis par vegetable oils sabse bada imported agricultural commodity group raha; 2023-24 mein vegetable-oil imports around ₹1,23,079 crore the. [Q73]
- 2015-16 ke pulses-import comparison mein lentil/masoor ka import sabse zyada tha. India pulses ka world ka major producer aur consumer bhi hai. [Q74]
- Agricultural exports mein India ko maximum foreign exchange Basmati rice export se milta hai. [Q75]
- Recent export-value comparison mein rice ka export value oilcake, spices aur raw cotton se zyada raha; 2025-26 April-September data mein rice ₹5,635 crore ke around tha. [Q76]
- 2023-24 se 2024-25 comparison mein export order Cereals > Marine Products > Spices > Tea raha. [Q77]
- Earlier figure lagbhag 3% tha; Economic Review 2025-26 mein meat aur meat-products export share 2021 mein 1.9% aur 2022 mein 1.8% recorded hai. [Q78]
- Export ke liye preferred mango variety Alphonso hai aur India mein iska major producing State Maharashtra hai. [Q79]
- India se export hone wali famous mango varieties mein Alphonso prominent hai. [Q80]
- Compared agricultural imports mein edible oil ka import value sabse zyada raha. [Q81]
- Recent years mein edible-oil imports domestic production se kaafi zyada rahe; 2023-24 mein domestic production 121.75 lakh tonnes ke against import 156.55 lakh tonnes tha. [Q82]
- Union Budget 2024-25 ke Aatmanirbharta focus mein pulses aur oilseeds ki production, storage aur marketing strengthen karne par zor tha; coconut ko is specific target list mein include nahi kiya gaya. [Q83]
- 2024-25 mein Karnataka India ka leading mulberry-silk producer tha. [Q84]
- India commercial silk ki sabhi 5 known varieties produce karta hai: Mulberry, Tropical Tasar, Oak Tasar, Eri aur Muga. [Q85]
- China world ka largest silk producer hai. [Q86]

7. Agricultural Productivity, Employment & Cash Crops

- Agricultural productivity badhane ke major measures mein improved seeds, fertilizers, irrigation, pesticides aur plant-protection techniques ka better use shamil hai; 1960s-70s mein in inputs ka use rapidly expand hua. [Q87]
- India mein cooperative farming ke initial efforts 1920s se dikhte hain; Independence ke baad early planning years mein cooperative farming ko promote karne ke liye special efforts hue. [Q88]
- Indian economy mein agriculture ka role ab bhi major hai. Economic Review 2025-26 ke context mein agriculture-allied activities national income ka roughly one-fifth contribute karti hain aur PLFS 2023-24 mein 46.1% workforce is sector mein employed thi. [Q89]
- 2025-26 first AE mein per-capita GDP current prices par ₹2,51,393 estimate hua; 2024-25 production figures rice 150.2 MT, wheat 117.9 MT aur total foodgrains 357.7 MT the. [Q90]
- Agricultural income par tax lagane ka power State Governments ke jurisdiction mein aata hai; Constitution ki Seventh Schedule ki State List mein taxation powers detail ki gayi hain. [Q91]
- PLFS 2023-24 mein agriculture sector ne 46.1% workforce ko employment diya; Census 2011 mein corresponding worker share 54.6% tha. [Q92]
- Census 2011 mein Uttar Pradesh ke workers ka agriculture-sector share 59.3% tha; cultivators 29.0% aur agricultural labourers 30.3% the. [Q93]
- Agriculture par livelihood dependence ka share time ke saath ghata: Census 2011 mein 54.6% workers aur PLFS 2023-24 mein 46.1% workforce agriculture/allied activities mein employed thi. [Q94]
- Sorghum/Jowar coarse foodgrain crop hai; cash crops commercial sale ke liye produce ki jati hain. [Q95]
- Cash crops mein potato (commercial/horticulture), sugarcane, cotton aur rapeseed include kiye ja sakte hain; paddy primarily foodgrain crop hai aur traditional cash-crop category mein nahi aata. [Q96]

8. RKVY, Agro-Climatic Regions, Horticulture Mission & Labour Support

- Kisan Bahi scheme Uttar Pradesh mein 1992 mein implement ki gayi thi. [Q97]
- Rashtriya Krishi Vikas Yojana 16 August 2007 se operational hui. Original framework mein States ko additional central assistance 80% grant ke form mein milti thi. [Q98]
- Rashtriya Krishi Vikas Yojana ke original funding pattern mein Centre ka share 100% aur State ka share 0% tha. [Q99]
- Rashtriya Krishi Vikas Yojana 2007 se operational hai; agricultural engineering is scheme ki defining category nahi hai. [Q100]
- P. Sengupta aur G. Sdasyuk (1968) ne India ko 4 macro regions, 11 meso/mega regions aur 60 micro agricultural regions mein divide kiya. [Q101]
- PM-KSY rain-fed holdings aur natural-resource conservation par focus karta hai, jisse foodgrain demand ko sustainably meet karne mein support milta hai. [Q102]

- Eighth Five Year Plan ke liye Planning Commission ne India ko 15 agro-climatic zones mein divide kiya tha. [Q103]
- National Horticulture Mission (NHM) ek Centrally Sponsored Scheme hai, jise 5 May 2005 ko Tenth Plan ke dauran launch kiya gaya. [Q104]
- National Horticulture Mission May 2005 mein start hua. [Q105]
- MIDH 2014-15 mein 12th Five Year Plan ke dauran formulate hua; Uttar Pradesh scheme ki defining feature/category nahi hai. [Q106]
- National Horticulture Mission ka focus horticulture growth, post-harvest management aur human-resource development par hai; direct financial assistance ko mission ka standalone objective nahi maana jaata. [Q107]
- Krishi Shramik Samajik Suraksha Yojana 1 July 2001 se start hui. Ismein agricultural labourers ko life-insurance cover, lump-sum life benefit aur pension benefit diya jaata tha. [Q108]
- Small Farmers Development Agency (SFDA) Programme 1971 mein small aur marginal farmers ko support karne ke liye start hua. [Q109]

9. NFSA, Food Safety, NFSM, Entitlement & PDS

- National Food Security Act, 2013 food-price access aur nutritional security se related legal framework hai. Act ko 10 September 2013 ko notify kiya gaya aur 5 July 2013 se effective maana gaya. [Q110]
- National Food Security Act ka objective population ko food aur nutritional security provide karna hai; notification 10 September 2013 aur effective date 5 July 2013 hai. [Q111]
- National Food Security Act, 2013 ko 10 September 2013 ko notify kiya gaya aur 5 July 2013 se retrospective effect diya gaya. [Q112]
- National Food Security Act, 2013 ka notification 10 September 2013 ko hua; ordinance date 5 July 2013 se ise effective maana gaya. [Q113]
- National Food Security Act, 2013 rural population ke 75% aur urban population ke 50% ko subsidized foodgrains ka legal entitlement deta hai; women aur children ke nutrition ke liye special provisions bhi hain. Act 10 September 2013 ko notified hua aur 5 July 2013 se effective maana gaya. [Q114]
- State Food Commission National Food Security Act, 2013 ke under statutory body hai; "Preservation" uska function/description nahi hai. [Q115]
- NFSA 2013 ke Section 16(1) ke under har State Government ko Act ki implementation monitor aur review karne ke liye State Food Commission constitute karna hota hai. [Q116]
- E-Ration Card service sabse pehle Delhi ne start ki thi. [Q117]
- Food Safety and Standards Act, 2006 ko 23 August 2006 ko enact kiya gaya. Iska purpose food laws ko consolidate karna, science-based food standards banana aur manufacture, storage, distribution, sale aur import ko regulate karke safe food ensure karna hai. [Q118]
- National Food Security Mission October 2007 mein launch hua; production/productivity improvement aur related support measures iske main objectives hain. [Q119]
- NFSM ki current crop coverage mein rice, wheat, pulses, coarse cereals aur commercial crops shamil hain; coarse cereals ab excluded nahi hain. [Q120]
- National Food Security Mission Rabi 2007-08 se effective hua. [Q121]
- National Food Security Mission (NFSM) 2007-08 mein launch hua. [Q122]
- National Food Security Mission production enhancement ke liye rice, wheat, pulses aur expanded phases mein coarse cereals/commercial crops cover karta hai. [Q123]
- NFSM ke original core crops wheat, rice aur pulses the; later coverage ko coarse cereals aur commercial crops tak expand kiya gaya. [Q124]
- NFSM ke older framework mein oilseeds core coverage ka hissa nahi the; current NFSM coverage ko scheme-component ke year ke saath read karna chahiye. [Q125]
- Food security ke context mein 'entitlement approach' economist Amartya Sen se associated hai. [Q126]
- Food security ka matlab sirf production ya availability nahi, balki har person ko har samay sufficient, safe aur nutritious food ka physical aur economic access hona hai. [Q127]
- Coarse grains older NFSM coverage mein excluded the, lekin later expansion ke baad coarse cereals scheme coverage mein shamil ho gaye. [Q128]
- Education, health aur skill-development par expenditure human capital mein investment hai; isse productive capacity, lifetime income aur employment opportunities badhti hain. [Q129]
- PDS ke through Government poor households ko subsidized/fair prices par foodgrains provide karti hai; isi price-gap ki wajah se Government par food subsidy ka burden aata hai. [Q130]

EXAM TRAP — NFSA / NFSM Dates & Scope

- NFSA 2013 aur NFSM mein notification/effective date, coverage aur scheme scope alag concepts hain; dates aur programme-scope ko mix na karein.

[Q110, Q111, Q112, Q113, Q114, Q119, Q120, Q121, Q122, Q123, Q124, Q125, Q128]

10. Dairy, Livestock, Fisheries & Allied-Sector Development

- Operation Flood 1970 mein National Dairy Development Board ne White Revolution aur milk production accelerate karne ke liye launch kiya. Dr. Verghese Kurien is movement ke pioneer the aur India ko world ka leading milk producer banane mein iska major role raha. [Q131]
- Older State comparison mein order Madhya Pradesh > Gujarat > Punjab > Haryana tha; 2019-20 milk production mein top States Uttar Pradesh > Rajasthan > Madhya Pradesh > Gujarat > Andhra Pradesh the. [Q132]
- Livestock-support schemes rural poor ke liye important hain, kyunki low-producing indigenous animals ka large share small/marginal farmers aur landless labourers ke paas hota hai. [Q133]
- Nandini Krishak Samridhi Yojana, Nand Baba Mission ka part hai; iska aim cattle breed improve karna aur milk production badhana hai. [Q134]
- Tharparkar cow breed hai jo mainly Gujarat aur Rajasthan region mein milti hai. [Q135]
- Marine Products Export Development Authority (MPEDA) 1972 ke Act se establish hua. 1961 ka Marine Products Export Promotion Council 24 August 1972 ko MPEDA mein merge kar diya gaya. [Q136]
- India mein inland fisheries ka role major hai. FAO State of World Fisheries and Aquaculture 2024 mein total fisheries-aquaculture production share ke hisab se China 36% ke saath first aur India 8% ke saath second tha. [Q137]
- The State of World Fisheries and Aquaculture 2024 report mein total fisheries & aquaculture production mein China around 36% share ke saath top tha; India around 8% ke saath next major producer tha. [Q138]
- Blue Revolution fish production/fisheries se related hai. National Fisheries Development Board 9 September 2006 ko autonomous institution ke roop mein establish hua aur iska headquarters Hyderabad mein hai. [Q139]
- Blue Revolution—fish production; Green Revolution—foodgrain production; White Revolution—milk production. [Q140]

11. Agricultural Revolutions & Green Revolution

- Major revolution mapping: Green—foodgrains; Blue—fish; Red—tomato/meat; White—milk; Yellow—oilseeds; Black—crude oil/petroleum. [Q141]
- Yellow Revolution oilseed production se related hai; 1986 mein Technology Mission on Oilseeds ke through is push ko strengthen kiya gaya. [Q142]
- 'Yellow Revolution' Toria-Mustard production se related hai. [Q143]
- Revolution mapping: Grey—fertilizer; Pink—onion; Silver—egg; Red—tomato aur meat production. [Q144]
- Revolution mapping: Golden—horticulture aur honey; Grey—fertilizer; Yellow—oilseeds; Black—petroleum. [Q145]
- Grey Revolution fertilizer se related hai. [Q146]
- American scientist Norman E. Borlaug ko 'Father of Green Revolution' kaha jaata hai. [Q147]
- G. B. Pant University of Agriculture and Technology, Pantnagar ne India mein Green Revolution spread karne mein major role nibhaya; isi wajah se Pantnagar ko Green Revolution ki birthplace bhi kaha jaata hai. [Q148]
- India mein Green Revolution ke father M. S. Swaminathan maane jate hain; Indira Gandhi aur agriculture minister C. Subramaniam ka bhi major role tha. [Q149]
- Green Revolution ki late-1960s technology ko seed-fertilizer-water package se best describe kiya jaata hai. [Q150]
- Green Revolution ki criticism yeh hai ki benefits selected regions aur mainly larger farmers tak zyada concentrated rahe. Coarse cereals ko relatively ignore karke wheat, rice aur kuch cash crops par zyada focus hua. [Q151]
- India mein Green Revolution 1966 ke Kharif season se major scale par start hui; Punjab, Haryana aur Western Uttar Pradesh par iska sabse strong positive impact raha. [Q152]
- Second Green Revolution ke context mein focus direct foreign-exchange investment par nahi, balki India-US Knowledge Initiative ke through agricultural education, research, biotechnology aur capacity building par tha. Term ko 18 July 2005 ke Indo-US joint statement se major prominence mili. [Q153]

12. Sustainable Agriculture, Soil Health, Millets, PM-AASHA & Extension

- Organic farming aisa production system hai jo soil health, ecosystem balance aur human health ko support karne par focus karta hai. [Q154]
- Soil Health Card Scheme 19 February 2015 ko Suratgarh, Rajasthan se launch hui; slogan tha 'Swasth Dhara, Khet Hara'. [Q155]
- INSIMP ko Kharif 2011 se millets ki nutritional security ke liye implement kiya gaya. Iska aim cluster approach se improved production, post-harvest technology aur value addition demonstrate karna tha. [Q156]
- PM-AASHA September 2018 mein pulses, oilseeds aur copra ke farmers ko remunerative/minimum price support dene, distress sale reduce karne aur income stability improve karne ke objective se launch hui. [Q157]
- National Agricultural Technology Project (NATP) World Bank-assisted project hai; November 1998 se ICAR aur Department of Agriculture & Cooperation ne ise implement kiya. [Q158]
- India ka first Krishi Vigyan Kendra (KVK) 1974 mein Puducherry mein establish hua. [Q159]

13. Crop Insurance & Weather Insurance

- Agriculture ke production risks aur uncertainties reduce karne ke liye Pradhan Mantri Fasal Bima Yojana (PMFBY) 13 January 2016 ko launch hui aur Kharif 2016 se implement hui. [Q160]
- India mein crop-insurance framework ka major early nationwide step Comprehensive Crop Insurance Scheme (CCIS) tha, jo 1 April 1985 se Kharif season ke context mein launch hua. [Q161]
- National Agricultural Insurance Scheme (NAIS) Rabi 1999-2000 se Comprehensive Crop Insurance Scheme ki jagah launch hui. [Q162]
- National Agricultural Insurance Scheme (NAIS) 1999-2000 mein introduced hui. [Q163]
- National Agricultural Insurance Scheme (NAIS) Rabi 1999-2000 se start hui aur later Kharif crops tak expand hui; National Crop Insurance Programme (NCIP) 2013-14 ke Rabi season se launch hua. [Q164]
- Weather Based Crop Insurance Scheme ka first implementation 2007 ke Kharif season mein Karnataka mein hua. [Q165]
- Varsha Bima rainfall-insurance product ko Agriculture Insurance Company of India ne Kharif 2004 ke South-West Monsoon period mein launch kiya. [Q166]
- Agriculture sector ke crop-insurance cover ke liye Agriculture Insurance Company of India (AIC) designated specialised institution hai. [Q167]
- Blue Revolution fish farming se related hai, mustard production se nahi. [Q168]

EXAM TRAP — Insurance Schemes — Timeline Matters

► Crop Insurance, NAIS, Weather Based scheme aur Varsha Bima alag schemes hain aur inke launch years bhi alag hain.

[Q160, Q161, Q162, Q163, Q164, Q165, Q166, Q167, Q168]

14. Watershed, Irrigation, KUSUM, Land Records & Groundwater Schemes

- January 2003 mein Atal Bihari Vajpayee ne ₹2,000 crore ki 'Hariyali' water-harvesting development scheme launch ki. Iska focus rainwater harvesting, drinking-water problems, irrigation-water arrangement aur tree plantation par tha. [Q169]
- Hariyali programme water-harvesting management se related tha; Integrated Watershed Management approach ke under runoff ko conserve karke greenery aur water availability badhane par focus tha. [Q170]
- Vishesh Krishi Upaj Yojana ka purpose agricultural-product exports ko boost karna tha; iska mention Export-Import Policy 2004-09 mein hua. [Q171]
- Rashtriya Vishesh Krishi Upaj Yojana exportable agricultural products se related hai. [Q172]
- Vishesh Krishi aur Gram Udyog Yojana ka main objective agricultural exports ko promote karna tha. [Q173]
- PM-KUSUM ka core aim farmers ki diesel/kerosene dependence kam karke irrigation pump sets ko solar energy se link karna hai; yeh non-fossil energy targets ko bhi support karta hai. [Q174]
- PM-KUSUM 2019 mein Ministry of New and Renewable Energy ne start ki. Scheme ke three components decentralised solar plants, standalone solar pumps aur existing agricultural pumps ki solarisation se related hain; target March 2026 tak 34.8 GW solar capacity add karna tha. [Q175]
- National Land Records Modernization Programme ko 2008 mein approve kiya gaya; 1 April 2016 se iska naam Digital India Land Records Modernization Programme (DILRMP) kar diya gaya. [Q176]
- Union Budget 1999-2000 ke decision se NABARD ke under Watershed Development Fund establish hua; initial corpus ₹200 crore tha, jisme Government aur NABARD ka ₹100-₹100 crore contribution tha. [Q177]
- Rainfed Area Development Programme 2011-12 mein launch hua; later ye Rashtriya Krishi Vikas Yojana framework (RKVY-RAFTAAR) ke under sub-scheme ke roop mein operate hua. [Q178]
- Pradhan Mantri Krishi Sinchayee Yojana (PMKSY) July 2015 mein 'Har Khet Ko Pani' motto ke saath implement hui; irrigation expansion, water-use efficiency aur field-level water access iske major components hain. [Q179]
- UP Diversified Agriculture Support Project (UP-DASP) World Bank-sponsored project tha; first phase 23 September 1998 se 31 March 2004 tak chala. [Q180]
- Accelerated Irrigation Benefit Programme 1996-97 mein launch hua, taaki advanced stage par pahunch chuke incomplete major/medium irrigation projects ko States loan assistance mil sake. [Q181]
- Madhya Pradesh ki Suraj Dhara Yojana seed exchange se related hai; SC/ST ke small aur marginal farmers ko one-hectare area ke liye pulses/oilseeds seed exchange par grant di jaati hai. [Q182]
- 'Neeru-Meeru' (Water and You) water-harvesting programme Andhra Pradesh mein 2000 mein launch hua. [Q183]
- Atal Bhujal Yojana (Atal Jal) groundwater management ki Central Sector Scheme hai; June 2018 mein World Bank ne iske liye ₹6,000 crore assistance approve ki. [Q184]
- Atal Bhujal Yojana ko World Bank assistance mili. [Q185]
- Jaldhara Yojana drought-prone/desert areas ke marginal farmers ke liye pump-set support programme hai; high upfront cost afford na kar paane wale farmers ko low rent/lease par pump sets provide kiye jaate hain. [Q186]
- Compared States mein tubewell irrigation ke under sabse bada area Uttar Pradesh mein hai. [Q187]

15. Agricultural Institutions, Cooperatives, Markets & Research Centres

- 'Handbook of Agriculture' Indian Council of Agricultural Research (ICAR) publish karta hai. [Q188]
- UP Council of Agricultural Research Lucknow mein located hai aur 1989 mein establish hua tha. [Q189]
- Krishak Samridhi Ayog Uttar Pradesh mein November 2017 mein establish hua; iska target 2022 tak farmers' income double karna tha. [Q190]
- NAFED agricultural marketing se related national-level apex cooperative organization hai. Yeh 2 October 1958 ko establish hua aur selected agricultural commodities ke management, distribution, export aur import mein role nibhata hai. [Q191]
- NAFED agricultural marketing cooperatives ka national apex organization hai. [Q192]
- Agricultural exports mein NAFED, STC aur MMTC important institutions hain; IFFCO mainly chemical fertilizers ki production, export aur import se related hai. [Q193]
- India ke most States mein agricultural-produce markets APMC Acts ke under develop aur regulate hote hain; ye Acts State legislatures enact karti hain. [Q194]
- Agricultural Produce Market Committee (APMC) laws State Governments/State legislatures ke domain mein aate hain. [Q195]
- Golden Rice, Oryza sativa ki genetically engineered variety hai jisme beta-carotene biosynthesis enhance ki gayi hai; beta-carotene pro-vitamin A provide karta hai. [Q196]
- Agricultural products ki demand generally inelastic hoti hai; bumper/excess yield ke time supply badhne se prices sharply fall kar sakte hain aur farmers ka total revenue bhi negatively affect ho sakta hai. [Q197]
- India ka first agricultural university G. B. Pant University of Agriculture and Technology hai, jo 1960 mein Pantnagar mein establish hua tha. [Q198]
- Pantnagar mein 1960 mein Uttar Pradesh Agricultural University establish hua; 1972 mein iska naam G. B. Pant University of Agriculture and Technology rakha gaya. Yeh India ka first agricultural university maana jaata hai. [Q199]
- First Krishi Vigyan Kendra 1974 mein Puducherry mein establish hua; small aur marginal farmers ki economic condition improve karne ke liye 'Lab to Land' programme 1979 mein start hua. [Q200]
- Indian Institute of Vegetable Research (IIVR) Varanasi mein located hai. [Q201]
- Central Food Technological Research Institute (CFTRI) Mysuru mein located hai. [Q202]
- National Academy of Agricultural Research Management (NAARM) Hyderabad mein located hai. [Q203]
- Indian Grassland and Fodder Research Institute 1962 mein establish hua aur Jhansi mein located hai. [Q204]
- International Potato Center (CIP), established in 1971, ka headquarters Lima, Peru mein hai. [Q205]

16. Sugarcane FRP, MSP, CACP, Procurement & Price Policy

- 22 October 2009 ke Sugarcane (Control) Order amendment ne Statutory Minimum Price concept ko Fair and Remunerative Price (FRP) se replace kiya; FRP 2009-10 aur subsequent sugar seasons se applicable hua. [Q206]
- Central Government har sugar season ke liye sugarcane ka Fair and Remunerative Price (FRP) fix karti hai; 2009 amendment ke baad old Statutory Minimum Price framework replace hua. [Q207]
- Sugarcane ka Fair and Remunerative Price (FRP) Cabinet Committee on Economic Affairs (CCEA) approve karti hai. [Q208]
- FCI ka foodgrain Economic Cost = Acquisition Cost + Distribution Cost. Acquisition Cost mein MSP/bonus aur procurement incidentals—State levies, mandi fee, transport charges etc.—shamil hote hain. [Q209]
- Commission for Agricultural Costs and Prices (CACP) 22 crops ke MSP recommend karta hai; final MSP Government announce karti hai. [Q210]
- CACP 22 MSP-covered crops ke prices recommend karta hai. Sugarcane ke liye MSP nahi, Fair and Remunerative Price (FRP) apply hota hai. [Q211]
- Niger ek minor oilseed crop hai jo mainly rain-fed conditions mein grow hota hai; seed-oil content roughly 37-47% range mein ho sakta hai. [Q212]
- Kharif season mein Government 14 crops ke MSP announce karti hai; Niger Seed in Kharif MSP crops mein shamil hai. [Q213]
- MSP major crops ke liye minimum guaranteed price provide karta hai. Central Government Rabi aur Kharif seasons ke liye MSP announce karti hai, taaki farmers ko remunerative price support mile. [Q214]
- MSP fixation mein CACP comprehensive cost concept C2 ko consider karta hai. Cost concepts mein A2 jaise measures seeds, fertilizers, hired labour etc. ke paid-out costs ko capture karte hain. [Q215]
- Minimum Support Price ki recommendation Commission for Agricultural Costs and Prices (CACP) karta hai. [Q216]
- Agricultural Prices Commission 1965 mein established hua; 1985 mein iska naam Commission for Agricultural Costs and Prices (CACP) kar diya gaya. [Q217]
- MSP determination ke liye key recommending body Commission for Agricultural Costs and Prices (CACP) hai. [Q218]
- Crop MSP fixation ki recommendation Commission for Agricultural Costs and Prices (CACP) karta hai. [Q219]
- Agricultural Prices Commission 1965 mein agricultural produce prices par government ko advice dene ke liye set up hua; 1985 mein iska naam Commission for Agricultural Costs and Prices (CACP) kar diya gaya. [Q220]

- Foodgrains ke support prices CACP recommend karta hai. [Q221]
- CACP agricultural price policy ke under MSP jaise support prices recommend karta hai; MSP woh floor price hai jis par Government procurement ke liye ready rehti hai. [Q222]
- Food-grain public procurement at support prices agricultural-price stability, farmers ko remunerative prices aur public distribution ke liye buffer stocks—teeno objectives support karta hai. [Q223]
- MSP farmers ko minimum guaranteed price deta hai aur production incentive ke through food security ko bhi support karta hai. [Q224]
- 2013 mein wheat procurement MSP ₹1,350/quintal tha; marketing year 2026-27 ke liye 1 October 2025 ko wheat MSP ₹2,585/quintal announce hua. [Q225]
- 2018-19 season mein paddy MSP ₹1,750/quintal tha. Marketing year 2025-26 ke liye paddy (common) ₹2,369 aur Grade-A ₹2,389/quintal announce hua; historical aur current figures ko mix na karein. [Q226]
- Kerala ne October 2020 mein fruits aur vegetables ke liye MSP fix karne ka decision liya, jo 1 November 2020 se effective hua; is initiative ke saath Kerala first State bana jisne fruits-vegetables ke liye MSP framework introduce kiya. [Q227]
- Marketing year 2025-26 ke Kharif MSP mein groundnut ka MSP ₹7,263/quintal declare hua; 2023-24 mein yeh ₹6,783/quintal tha. [Q228]
- PDS aur safe foodgrain storage maintain karne ke liye Government farmers se procurement price par produce purchase karti hai; procurement price generally MSP se higher ho sakta hai. [Q229]
- PDS aur buffer stock ke liye Government jis price par foodgrains purchase karti hai, use Procurement Price kaha jata hai. [Q230]

EXAM TRAP — MSP Figures are Period-Specific

► MSP values time-specific hoti hain; historical MSP aur newer marketing-season MSP ko same period ka figure na maanein.

[Q225, Q226, Q227, Q228]

17. Crop Seasons, Farm Costs & Agricultural Finance

- India ke major crop seasons Kharif, Rabi aur Zaid hain; barley, gram aur wheat Rabi crops hain, jabki sugarcane is group mein Rabi crop nahi hai. [Q231]
- Tobacco, cotton aur rubber cash crops hain; soybean cash crop nahi, oilseed crop category mein aata hai. [Q232]
- Union Budget 2011-12 mein timely farm-loan repayment par interest subvention 2% se badhakar 3% ki gayi; 7% lending rate par effective rate 4% reh gaya. [Q233]
- Farm working-cost capital mein seed, fertilizer aur irrigation-water jaise inputs include hote hain; land revenue ko working-cost capital ka agricultural input nahi maana jaata. [Q234]
- Rural economy mein animal husbandry, cottage industries aur good equipment important contribution dete hain. Private money-lending villages mein prevalent hai, lekin productive contribution comparatively limited hai. [Q235]
- Agricultural finance ke major principles mein purpose, person, productivity, planning aur organization shamil hain. [Q236]
- Agricultural finance ke sources institutional aur non-institutional hote hain. Institutional sources mein cooperatives, commercial banks, Regional Rural Banks aur Government shamil hain. [Q237]
- Agricultural-credit sources mein Primary Agricultural Cooperative Societies, commercial banks, RRBs aur non-government/private lenders shamil ho sakte hain. [Q238]
- Agriculture ko promote karne ke liye farmers tak timely aur uninterrupted credit flow important hai. Government Scheduled Commercial Banks, RRBs aur rural cooperative banks ke annual ground-level lending targets set karti hai. [Q239]
- Rural credit system ki long-term agricultural-credit needs Land Development Banks meet karte hain; inhe Land Mortgage Banks bhi kaha jaata hai. [Q240]
- RBI August 2025 data mein 2024-25 agricultural finance ka largest institutional source Commercial Banks the (80.93%), uske baad Regional Rural Banks (10.70%) aur Cooperative Banks aaye. [Q241]
- Institutional agricultural credit ka descending share/importance Commercial Banks > Regional Rural Banks > Cooperative Banks hai. [Q242]
- Agriculture aur allied activities ke institutional credit distribution mein commercial banks ka share sabse bada hai. [Q243]
- Agriculture-related institutional credit mainly commercial banks, RRBs aur cooperative banks provide karte hain; foreign private banks ka contribution comparatively very low hai. [Q244]
- Agricultural-credit target Budget 2020-21 mein ₹15 lakh crore, 2021-22 mein ₹16.5 lakh crore, 2022-23 mein ₹18 lakh crore aur 2023-24 mein ₹20 lakh crore tha. [Q245]

18. Kisan Credit Card, Kisan Rin Portal & Rural Credit Milestones

- Kisan Credit Card Scheme 1998-99 mein introduce hui, taaki farmers ko crop cultivation aur allied activities ke liye adequate aur timely credit mil sake. [Q246]
- Kisan Credit Card (KCC) Scheme 1998-99 mein launch hui. [Q247]

- Kisan Credit Card Scheme 1998-99 mein start hui aur farmers ko cultivation needs ke liye adequate, timely credit support deti hai. [Q248]
- Kisan Credit Card Scheme farmers ke liye 1998-99 mein introduced hui. [Q249]
- Short-term crop loans ko concessional rate par available karane ke liye Interest Subvention Scheme aur Prompt Repayment Incentive framework RBI/NABARD-linked institutional mechanism ke through operate hota hai. [Q250]
- Kisan Call Centre 21 January 2004 ko Ministry of Agriculture & Farmers Welfare ne launch kiya. [Q251]
- Important rural-credit chronology: Regional Rural Banks—1975; NABARD—1982; SHG-Bank Linkage Programme—1992-93; Kisan Credit Card Scheme—1998. [Q252]
- UPA-period agricultural package mein landless farmers ko bank credit access, NABARD se proposals aur 50 lakh se zyada new farmers tak institutional credit expand karna shamil tha; loan-repayment waiver is provision ka part nahi tha. [Q253]

19. Price Stabilisation Fund, Minor Minerals & Agricultural Tax Rules

- Price Stabilisation Fund ka 2003 framework tea, coffee, rubber aur tobacco ke price stabilisation se linked tha; 2014-15 ka agriculture PSF onion, potato aur pulses ki price volatility ke liye set up hua. [Q254]
- Price Stabilisation Fund 2014-15 mein onion, potato aur pulses jaise agricultural products ki price volatility manage karne aur consumers ko protect karne ke liye establish hua. [Q255]
- MMDR Act, 1957 ke Section 3(e) mein sand ko minor mineral maana gaya hai. Section 15 ke under minor minerals ke rules banane ki power State Governments ke paas hai, Central Government ke paas nahi. [Q256]
- MMDR Act, 1957 ka Section 15(1) State Governments ko minor minerals ke regulation ke liye rules banane ki power deta hai. [Q257]
- Income-tax Act, 1961 ke Section 10(1) ke under agricultural income Central income tax se exempt hai. Poultry farming ya sheep-rearing/wool jaise allied activities ki income automatically agricultural-income exemption mein nahi aati. [Q258]
