

TERTIARY SECTOR — FULL MIND MAP

Topic-wise · Fully Explained · Hinglish · SSC / BPSC / BSSC / Railway

Topics in this chapter:

1. Primary, Secondary & Tertiary Sectors — Classification
2. Service Sector — India ka Largest Contributor
3. Service Sub-sectors — Growth, Share & Employment
4. Development ke saath Tertiary Share ka Trend
5. State/UT-wise Service-Sector Share
6. Economic Survey 2022-23 — Services & E-commerce

1. Primary, Secondary & Tertiary Sectors — Classification

- Tertiary sector ko service sector/service industry bhi kehte hain. Isme trade, hotels, transport, communication, banking, insurance, real estate, public administration, defence, education, health, entertainment aur other personal services aate hain. Primary sector mein agriculture, forestry, fishing, mining & quarrying; secondary sector mein manufacturing, construction, electricity, gas, water supply aur utilities aate hain. [Q1, Q2, Q6]
- Marketing tertiary-sector activity hai, jabki agriculture primary-sector activity hai. [Q3, Q4]
- Sector classification mein agricultural products ka storage tertiary sector; dairy farming/milk production primary sector; mineral exploration mining & quarrying ke under primary sector; aur cloth weaving secondary sector mein aata hai. [Q5]

2. Service Sector — India ka Largest Contributor

- Service sector India ka largest sector hai. First Advance Estimates 2025-26 mein monetary GVA share constant (2011-12) prices par 55.83% aur current prices par 56.4% diya gaya hai. [Q7, Q13, Q15, Q16, Q17]
- Economic Survey 2023-24 mein FY 2024 ke current-price GVA shares Agriculture 17.7%, Industry 27.6% aur Services 54.7% the; descending order Services > Industry > Agriculture raha. [Q10, Q14]
- 2009-10 mein service-sector GDP share 57.09% tha, isliye 25% wala figure us period ke data se match nahi karta. 2024-25 mein GDP share 49.9% (World Bank) aur 2025-26 mein current-price monetary GVA share 56.40% diya gaya hai. [Q20]
- 2000-01 ke constant-price data mein descending order Agriculture/forestry/fishing > Trade/hotels/transport/communication > Manufacturing > Finance/insurance/real estate/business services tha. Older series sector-wise GDP ratios use karti thi; current framework GVA ratios par focus karta hai. [Q9]

EXAM TRAP — Q8 — 52.8% vs Rs 52.8 Lakh Crore

- ▶ 2016-17 mein current-price GVA Rs 138.4 lakh crore tha; tertiary-sector share 52.8% hone par amount lagbhag Rs 73.08 lakh crore banta hai.
 - ▶ Q8 mein Rs 52.8 lakh crore aur 52.8% ko confuse mat karo; percentage ko GVA amount par apply karne se Rs 73.08 lakh crore ke aas-paas value milti hai.
- [Q8]

EXAM TRAP — Historical vs Updated Service-Sector Data

- ▶ Q9, Q11, Q12, Q18, Q20, Q21, Q23 aur Q25 year-specific historical facts hain; later/current figures naturally different ho sakte hain.
 - ▶ Service-sector percentages, ranks aur segment shares time ke saath change hote hain; har figure ko uske year ke saath padho.
- [Q9, Q11, Q12, Q18, Q20, Q21, Q23, Q25]

3. Service Sub-sectors — Growth, Share & Employment

- 2006-2010 mein service sub-sectors mein Communication ki growth rate sabse zyada thi. [Q11]
- 2006 ke data mein service-sector GDP ka sabse bada segment Trade, Hotels, Transport & Communication tha. [Q12]
- 2012-13 mein services ka share gross domestic production mein lagbhag 57% aur gross employment mein around 28% tha. Economic Review 2025-26 mein total employment share 30% diya gaya hai. [Q18]
- 2001-2012 ke period mein India ke service-sector growth rate ka world rank Second diya gaya tha. [Q21]
- 2001-05 ke period mein Services woh sector tha jiska growth rate lagataar increase hua. [Q23]
- 2011-12 se 2015-16 ke period mein Indian economic growth mein service sector ka contribution 69.0% diya gaya hai. [Q25]

4. Development ke saath Tertiary Share ka Trend

- 1980 ke baad tertiary sector ka GDP share lagataar badhne ki tendency dikhata hai; development ke saath service-sector share generally increase hota hai. [Q22]
- Jaise-jaise economy develop karti hai, tertiary/service sector ka GDP contribution badhta hai. Illustrative share lagbhag 30% (1950-51), 38-40% (1980-81) aur 49.9% (2024-25) raha; current-price monetary GVA share 2021-22 se 2025-26 tak 52.2%, 54.3%, 54.4%, 55% aur 56.4% diya gaya hai. [Q24]

5. State/UT-wise Service-Sector Share

- 2008-09 mein Delhi ka service-sector contribution sabse zyada tha. FY 2023-24 mein Chandigarh 88.8% aur Delhi 84.1% ke saath service-sector share mein top par the; Karnataka 62.3%, Kerala 61.5%, Telangana 60.3%, Bihar 57.9% aur Maharashtra 55.6% rahe. [Q19]

6. Economic Survey 2022-23 — Services & E-commerce

- Economic Survey 2022-23 mein fashion, grocery aur general merchandise ke Indian e-commerce market ka nearly two-thirds share 2027 tak hone ka projection tha, 2030 tak nahi. [Q26]

EXAM TRAP — 2027 vs 2030

- ▶ Economic Survey 2022-23 projection ke hisab se fashion + grocery + general merchandise 2027 tak Indian e-commerce market ka nearly two-thirds share capture kar sakte hain.
- ▶ 2030 wali date incorrect hai; Economic Survey 2022-23 projection 2027 tak fashion + grocery + general merchandise ke nearly two-thirds e-commerce share ki baat karti hai.

[Q26]
