

SUGARCANE — FULL MIND MAP

Topic-wise · Fully Explained · Hinglish · SSC / BPSC / BSSC / Railway

Topics in this chapter:

1. Sugarcane — Least Water-Efficient Crop
2. UP — Largest Area Under Cultivation
3. Sugarcane — Highest Irrigated-Area Percentage (98.73%)
4. Top Producer States (UP, Maharashtra, Karnataka, TN)
5. UP — Leading Sugarcane Producer State
6. 8 Largest Producer States (UP to Punjab)
7. 2013 Ranking (UP, Maharashtra, Karnataka, Haryana)
8. Molasses, Bagasse — By-Products (Not Only Sugarcane Sugar)
9. Sustainable Sugarcane Initiative (SSI) — Key Features
10. Sucrose Content — Decreases with Frost During Ripening
11. Top-3 Sugar Producers (UP, Maharashtra, Karnataka)
12. 2015-16 Ranking (Maharashtra, UP, Karnataka, TN)
13. India — 2nd Largest Sugar Producer (Brazil #1)
14. Sakkar Nagar — Andhra Pradesh (Now Telangana)
15. UP — India's 'Sugar Bowl'
16. First Sugar Mill — Pratappur, Deoria (1903)
17. North-to-South Shift Factors (Yield, Sucrose, Crushing Season)
18. Sugarcane Breeding Institute — Coimbatore (1912)
19. Adsali Sugarcane — 18-Month Ripening (Maharashtra)
20. South India — More Developed Sugar Industry (Assertion-Reason)
21. UP vs Maharashtra — Production High, Productivity Low
22. Co. 1148 — Sugarcane Variety

1. Sugarcane — Least Water-Efficient Crop

- Diye gaye crops mein **Sugarcane sabse kam water-efficient hai** — sabse zyada paani chahiye ugane ke liye — Sunflower, Pearl millet, Red gram se zyada. [Q1]

2. UP — Largest Area Under Cultivation

- 2022-23 data ke mutabik **Uttar Pradesh (2.79 million hectares)** sabse bada area under sugarcane cultivation rakhta hai — **Maharashtra (1.36 million hectares)** dusre number par. [Q2]

3. Sugarcane — Highest Irrigated-Area Percentage (98.73%)

- 2021-22 data ke mutabik irrigated-area percentage: **Sugarcane (98.73%) > Wheat (95.29%) > Rice (67.56%) > Oilseed (37.51%)**. [Q3]

4. Top Producer States (UP, Maharashtra, Karnataka, TN)

- Question ke waqt top-4: **UP, Maharashtra, Tamil Nadu, Andhra Pradesh** — 2022-23 data ke mutabik ab **UP, Maharashtra, Karnataka, Tamil Nadu, Gujarat** top-5 hain. [Q4]

5. UP — Leading Sugarcane Producer State

- Uttar Pradesh India ka **leading sugarcane producer state** hai. [Q5]

6. 8 Largest Producer States (UP to Punjab)

- 2022-23 ke top-8 sugarcane producers: **Uttar Pradesh, Maharashtra, Karnataka, Tamil Nadu, Gujarat, Bihar, Haryana, Punjab**. [Q6]

7. 2013 Ranking (UP, Maharashtra, Karnataka, Haryana)

- 2013 ke descending order: **UP, Maharashtra, Karnataka, Haryana**. [Q7]

8. Molasses, Bagasse — By-Products (Not Only Sugarcane Sugar)

- Sahi statements: **Molasses sugar-production ka by-product hai (alcohol banane mein use hota hai), Bagasse boiler-fuel ke roop mein steam generate karne ke liye use hota hai — 'sugar sirf sugarcane se banti hai' GALAT hai (beetroot se bhi banti hai)**. [Q8]

9. Sustainable Sugarcane Initiative (SSI) — Key Features

- SSI (2009, WWF-ICRISAT) ke features: **kam seed cost, effective drip irrigation, zyada intercropping scope — 'chemical fertilizers ka koi use nahi' GALAT hai (SSI organic ko encourage karta hai, chemical ko poori tarah ban nahi karta)**. [Q9]

10. Sucrose Content — Decreases with Frost During Ripening

- Sugarcane ka sucrose content **ripening period mein frost padne se kam ho jaata hai** — ideal conditions: 21-27°C temp, 75-100cm rainfall. [Q10]

11. Top-3 Sugar Producers (UP, Maharashtra, Karnataka)

- Question ke waqt top-3: **UP, Maharashtra, Karnataka** — 15 April 2024 tak **Maharashtra** pehle number par hai, UP dusre number par. [Q11]

12. 2015-16 Ranking (Maharashtra, UP, Karnataka, TN)

- 2015-16 data ke mutabik: **Maharashtra, UP, Karnataka, Tamil Nadu**. [Q12]

13. India — 2nd Largest Sugar Producer (Brazil #1)

- 2023/24 USDA data ke mutabik: **Brazil world ka largest sugar producer hai (45.54 million tonnes), India dusre number par (34 million tonnes, ~15.8% world share) — Sugar Industry, India ka cotton ke baad 2nd sabse bada agriculture-based industry hai, India sugar ka biggest consumer hai**. [Q13]

14. Sakkar Nagar — Andhra Pradesh (Now Telangana)

- Sakkar Nagar **Andhra Pradesh (ab Telangana) ka important sugar producing centre** hai. [Q14]

15. UP — India's 'Sugar Bowl'

- Uttar Pradesh ko **'Sugar Bowl of India'** kaha jaata hai — massive sugarcane production ki wajah se. [Q15, Q16]

| 16. First Sugar Mill — Pratappur, Deoria (1903)

- India ki pehli sugar mill 1903 mein Pratappur (Deoria district, UP) mein banayi gayi thi. [Q17]

| 17. North-to-South Shift Factors (Yield, Sucrose, Crushing Season)

- Sugar industry ka North se South India shift hone ke factors: **per-acre zyada yield, zyada sucrose content, longer crushing season** — 'cheap labour' iske reasons mein NAHI hai. [Q18]

| 18. Sugarcane Breeding Institute — Coimbatore (1912)

- Sugarcane Breeding Institute (SBI) Coimbatore (Tamil Nadu) mein 1912 mein ICAR ke tahat establish hui — India ka ekmatra sugarcane research institute hai, seeds bhi yahin produce hote hain. [Q19, Q20]

| 19. Adsali Sugarcane — 18-Month Ripening (Maharashtra)

- Adsali sugarcane Maharashtra ke kam-rainfall areas mein July-August mein lagayi jaati hai — pakne mein 16-18 mahine lagte hain. [Q21]

| 20. South India — More Developed Sugar Industry (Assertion-Reason)

- South India mein sugar industry zyada developed hai (Assertion sahi) kyunki **southern states mein per-hectare yield aur juice quantity zyada hai (Reason sahi, sahi explanation bhi hai)** — Maharashtra, Karnataka, Tamil Nadu major producers hain. [Q22]

| 21. UP vs Maharashtra — Production High, Productivity Low

- UP mein sugarcane-sugar production Maharashtra se zyada hai, par productivity kam hai (Assertion sahi) — **Maharashtra mein zyadatar sugar factories cooperative sector mein hain (Reason bhi sahi hai)** — par R, A ki sahi explanation NAHI hai. [Q23]

| 22. Co. 1148 — Sugarcane Variety

- Co. 1148 sugarcane ki ek important variety hai — Wheat, Cotton, Maize ki NAHI. [Q24]
