

OILSEEDS — FULL MIND MAP

Topic-wise · Fully Explained · Hinglish · SSC / BPSC / BSSC / Railway

Topics in this chapter:

1. Sunflower — Main Oilseed Crop Identification
2. Yellow Revolution — Oilseeds Production
3. Groundnut — Best Dryland Farming Crop
4. 'Pegging' — Unique Groundnut Phenomenon
5. Soyabean — MP Leading Producer (Historically)
6. MP — Largest Area Under Soyabean (43.95%)
7. 1992-93 — Record Oilseed Production Year
8. Oilseeds Largest Producer — MP → Rajasthan Shift
9. Groundnut Largest Producer — Gujarat
10. Punjab — Low Acreage, High Groundnut Yield
11. Groundnut — Root-Derived Oil (Odd One Out)
12. Rajasthan — Chief Mustard/Rapeseed Producer
13. Map-Based Crop Match (Gujarat-Groundnut, Odisha-Ragi)
14. Oilseed Production Ranking (Mustard>Soybean>Groundnut>Sesame)
15. Mustard Varieties (Varuna, Pusa Bold, Pitambari)
16. Gypsum — Required for Groundnut Cultivation
17. Crop-Variety Match (Kaushal is Groundnut)
18. Sesame — Highest Oil Content (52%)
19. Safflower — Scientific Name (*Carthamus Tinctorius*)

1. Sunflower — Main Oilseed Crop Identification

- Main oilseed crops (India): **Groundnut, Mustard, Coconut, Soyabean, Castor seeds, Cotton seeds, Linseed, Sunflower** — Masoor, Lobia, Barseem oilseeds NAHI hain. [Q1]

2. Yellow Revolution — Oilseeds Production

- Yellow Revolution **oilseeds production se related hai** — Green Revolution (foodgrain), White Revolution (milk), Blue Revolution (fish) se alag. [Q2, Q3, Q4]

3. Groundnut — Best Dryland Farming Crop

- Groundnut **dryland farming (100cm tak rainfall wale areas) ke liye sabse suitable crop hai** — 50-125cm annual well-distributed rainfall mein achhi tarah ugta hai. [Q5]

4. 'Pegging' — Unique Groundnut Phenomenon

- 'Pegging' groundnut ki ek useful phenomenon hai — fertilization ke baad muraye phool ki khooteyan (pegs) mitti mein prawesh karti hain, taproot ke paas hi peanut mein pakti hain. [Q6]

5. Soyabean — MP Leading Producer (Historically)

- Question ke waqt aur 2023-24 data ke mutabik **Madhya Pradesh (5.47 MT) soyabean ka leading producer hai** — Maharashtra (5.26 MT), Rajasthan (1.17 MT) dusre-teesre number par. [Q7, Q8, Q9]

6. MP — Largest Area Under Soyabean (43.95%)

- SOPA 2024 data ke mutabik **MP mein 52.009 lakh hectare (total soyabean-area ka 43.95%) hai** — sabse zyada area under soyabean cultivation. [Q10]

7. 1992-93 — Record Oilseed Production Year

- 1992-93 mein oilseeds ka **record production tha (20.11 million tonnes)** — 2010-11 mein phir record bana (32.48 MT), 2023-24 mein production 39.7 MT tha. [Q11]

8. Oilseeds Largest Producer — MP → Rajasthan Shift

- 2018-19 data ke waqt **Madhya Pradesh oilseeds ka largest producer tha** — **2023-24 (Economic Survey 2024-25) ke mutabik ab Rajasthan sabse aage hai.** [Q12]

9. Groundnut Largest Producer — Gujarat

- 2020-21 mein **Gujarat groundnut ka largest producer tha** — **2023-24 mein bhi Gujarat, Rajasthan, MP top-3 hain.** [Q13, Q14]

10. Punjab — Low Acreage, High Groundnut Yield

- Question ke waqt **Punjab kam acreage rakhta tha par groundnut ki per-hectare yield bahut zyada thi** — 2022-23 mein productivity ranking: Tamil Nadu, Gujarat, West Bengal. [Q15]

11. Groundnut — Root-Derived Oil (Odd One Out)

- Sesame, Groundnut, Mustard ka oil food mein use hota hai — Castor seed oil food mein **NAHI** hota — **Groundnut plant ki jad (root) se milta hai, baaki flower se** (disputed question, dono angles se answer possible). [Q16]

12. Rajasthan — Chief Mustard/Rapeseed Producer

- Rajasthan **mustard (rapeseed) ka chief producer hai (2023-24 data).** [Q17]

13. Map-Based Crop Match (Gujarat-Groundnut, Odisha-Ragi)

- Map-based match: **Gujarat — Groundnut, Maharashtra — Cotton/Sugarcane, Odisha — Ragi, Andhra Pradesh — Tobacco.** [Q18]

14. Oilseed Production Ranking (Mustard>Soybean>Groundnut>Sesame)

- 2023-24 production (million tonnes): **Rapeseed-Mustard (13.3) > Soybean (13.05) > Groundnut (10.2) > Sesamum (0.81).** [Q19]

15. Mustard Varieties (Varuna, Pusa Bold, Pitambari)

- Mustard ki main varieties: **Varuna, Pusabold, Jaikisan, Pitambari (yellow mustard, maturity 110-115 days).** [Q20, Q21, Q22]

16. Gypsum — Required for Groundnut Cultivation

- Groundnut cultivation ke liye **bade quantity mein Gypsum chahiye hota hai** — Rice, Barseem, Wheat ke liye nahi. *[Q23]*

17. Crop-Variety Match (Kaushal is Groundnut)

- Crop-variety match: **Gram — Pant-114/Gaurav/Radhe/K-4, Cotton — Suvin/Sujata, Groundnut — Chitra-64/Chandra/Kaushal, Wheat — Kundan/Kalyan Sona/Sonalika.** *[Q24]*

18. Sesame — Highest Oil Content (52%)

- Oil content ranking: **Sesame (52%) > Groundnut (48.2%) > Sunflower (42%) > Soyabean (40%).** *[Q25]*

19. Safflower — Scientific Name (Carthamus Tinctorius)

- Safflower (Kusum) ka scientific naam **Carthamus Tinctorius** hai — **seeds mein 24-36% oil, Maharashtra-Karnataka major growers** — 78% linoleic acid content, blood cholesterol kam karne ke liye faydemand. *[Q26]*
