

COPPER — FULL MIND MAP

Topic-wise · Fully Explained · Hinglish · SSC / BPSC / BSSC / Railway

Topics in this chapter:

1. Malanjkhand (Balaghat, MP) — Leading Copper Producer
2. Rajasthan — Largest Copper Reserves
3. Copper Field-State Match Set (Chandrapur, Hasan, Khammam, Khetri)
4. Southern Karnataka — Atomic Minerals Cell Discovery (1999)
5. Khetri (Jhunjhunu, Rajasthan) — Copper Mining Belt

| 1. Malanjkhand (Balaghat, MP) — Leading Copper Producer

- Copper igneous-metamorphic rocks mein milta hai, electricity ka good conductor hai — **Madhya Pradesh copper-ore production mein pehle number par hai (Indian Minerals Yearbook 2022) — Malanjkhand (Balaghat, MP) — open-pit copper mine, MP ka leading centre.** 3 important districts: **Jhunjhunu (Rajasthan), Balaghat (MP), Poorvi Singhbhum (Jharkhand).** [Q1, Q2, Q3, Q4]

| 2. Rajasthan — Largest Copper Reserves

- Copper ke **largest reserves/resources Rajasthan mein** hain (Indian Minerals Yearbook 2022, 1 April 2020 tak) — production mein MP aage hai, par reserves mein Rajasthan sabse aage hai. [Q5]

| 3. Copper Field-State Match Set (Chandrapur, Hasan, Khammam, Khetri)

- Copper fields ka match: **Chandrapur — Maharashtra, Hasan — Karnataka, Khammam — Andhra Pradesh (ab Telangana), Khetri — Rajasthan.** [Q6]

| 4. Southern Karnataka — Atomic Minerals Cell Discovery (1999)

- Atomic Minerals Cell (Department of Atomic Energy) ne **1999 mein Southern Karnataka mein copper deposits discover kiye the.** [Q7]

| 5. Khetri (Jhunjhunu, Rajasthan) — Copper Mining Belt

- Khetri (Jhunjhunu district, Rajasthan) **copper mining ke liye famous hai** — Khetri Belt bhi isi kaam ke liye jaani jaati hai (iron/gold/mica/coal ke liye NAHI). [Q8, Q9, Q10]
