4. Mica-Producing States (MP Excluded)
5. Largest Mica Belt — Hazaribagh, Gaya, Munger, Koderma
6. Mica Found in Metamorphic Rock Veins
7. World Mica Production — China Leads (Not India)

1. Rajasthan — Biggest Mica Producer (Options-Dependent)

- Jab options mein Andhra Pradesh na ho, tab **Rajasthan India ka sabse bada mica producer maana jaata hai** (Indian Minerals Yearbook 2022 ke mutabik) — ye bahut baar exam mein pucha gaya hai. [Q1, Q4]

2. Andhra Pradesh — Actual Largest Mica Reserve Holder

- Actual mein **Andhra Pradesh ke paas sabse zyada mica reserves (41%) hain — Rajasthan (28%), Odisha (17%), Bihar (2%) dusre number par** (2021 Yearbook data). [Q2]

⚠ EXAM TRAP — Andhra Pradesh actual mein largest mica producer hai — Rajasthan sirf 'options mein na hone par' correct answer banta hai

3. Kodarma (Jharkhand) — Famous Mica District

- Kodarma district (Jharkhand) **mica mining ke liye famous hai**. [Q3]

4. Mica-Producing States (MP Excluded)

- Mica-producing states: **Jharkhand, Rajasthan, Andhra Pradesh — Madhya Pradesh mica produce NAHI karta** (par ye original question ka final answer key mein remove kar diya gaya tha). [Q5]

5. Largest Mica Belt — Hazaribagh, Gaya, Munger, Koderma

- India ki **sabse badi Mica Belt — Hazaribagh, Gaya, Munger, Koderma districts (Jharkhand) mein hai** — inhe 'Capital of Mica' kaha jaata hai. [Q6]

6. Mica Found in Metamorphic Rock Veins

- Mica **metamorphic rocks ki veins mein paayi jaati hai** — map-based question mein mica ki distribution poore diye gaye marked places par hoti hai. [Q7]

7. World Mica Production — China Leads (Not India)

- 2001 mein (jab question pucha gaya tha) **India Mica Sheet ka world leader tha** — abhi (2022 data) **China** **pehle number par hai, Madagascar dusre number par**. Copper mein Chile leader hai, Gypsum mein USA, Iron ore mein Australia — inme se koi bhi India ke naam NAHI hai. *[Q8, Q9]*
