

IRON AND STEEL INDUSTRY — FULL MIND MAP

Topic-wise · Fully Explained · Hinglish · SSC / BPSC / BSSC / Railway

Topics in this chapter:

1. Stainless Steel — Iron + Chromium (+ Nickel)
2. Western Coast Plants — Goa/MP High-Grade Ore Access
3. Coking Coal — Imported (Mainly from Australia)
4. VSL Bhadravati — Only Plant Outside Coal Area
5. Jamshedpur — Midway Between Iron Ore & Coal
6. TISCO — Tatanagar (Jamshedpur)
7. Jamshedpur — 'Pittsburgh of India'
8. Rourkela — German Collaboration (Not Soviet)
9. Bhilai — Russia Collaboration
10. Bokaro — Russia Collaboration (4th Public Sector Plant)
11. Iron & Steel — Maximum Foreign Exchange Earner
12. Bhilai State Match Trap (Chhattisgarh, Not MP)
13. Rourkela — Iron Ore from Keonjhar
14. Second Five-Year-Plan Plants (Bhilai, Durgapur, Rourkela)
15. Bhadravati — Far from Coalfields
16. China — World's Top Steel Producer (India 2nd)

1. Stainless Steel — Iron + Chromium (+ Nickel)

- Stainless steel banane ke liye **Chromium aur Nickel (main alloy: Iron + Chromium)** use hote hain — molybdenum, silicon, aluminium, carbon bhi contribute karte hain. [Q1, Q2, Q3]

2. Western Coast Plants — Goa/MP High-Grade Ore Access

- Western coast par iron-steel plants plan hone ka reason: **Goa aur MP ke kuch hisso mein high-grade iron ore deposits, aur wahan se steel export karna aasan hai.** [Q4]

3. Coking Coal — Imported (Mainly from Australia)

- Steel production ke liye **coking coal import karna padta hai (mainly Australia se)** — iron ore, manganese, dolomite, rock phosphate, chromium bhi chahiye hote hain. [Q5]

4. VSL Bhadravati — Only Plant Outside Coal Area

- VSL, Bhadravati **ekmatra iron-steel plant hai jo coal-producing area se bahar hai** — pehle charcoal (firewood se) use hota tha, Mahatma Gandhi Hydel Power Station ke baad electric furnaces mein badla. [Q6]

5. Jamshedpur — Midway Between Iron Ore & Coal

- Jamshedpur **na iron-ore area par hai na coalfield par, balki dono ke beech midway par hai.** [Q7]

6. TISCO — Tatanagar (Jamshedpur)

- TISCO (Tata Iron & Steel Company, 1907 established) **Tatanagar (Jamshedpur)** ke paas hai. [Q8]

7. Jamshedpur — 'Pittsburgh of India'

- Jamshedpur (Jharkhand) ko **'Pittsburgh of India'** kehte hain — iron-steel industries ke liye famous. [Q9]

8. Rourkela — German Collaboration (Not Soviet)

- Rourkela Steel Plant **Germany (Krupps aur Demag companies)** ke collaboration se bana tha, **Soviet Union se NAHI** — India ka pehla public-sector integrated steel plant hai. Salem Steel Plant stainless steel ka premier producer hai, Maharashtra Elektros melt SAIL ki subsidiary hai, Visakhapatnam Steel Plant Rashtriya Ispat Nigam ki unit hai — sab sahi hain. [Q10]

⚠ EXAM TRAP — Rourkela Steel Plant — Germany ke saath bana tha, Soviet Union ke saath NAHI

9. Bhilai — Russia Collaboration

- Bhilai Steel Plant **Bharat sarkar aur Russia** ka collaborative project hai (**Durg district, Chhattisgarh, 1959 commissioned**) — Dalli Rajhara Iron Ore Complex, Korba-Kargali coal mines se supply. [Q11]

10. Bokaro — Russia Collaboration (4th Public Sector Plant)

- Bokaro Steel Plant **Russia (Soviet)** ki madad se bana — **India ka 4th public sector steel plant, 1965 mein shuru**, 'country's first Swadeshi Steel Plant' bhi kehlata hai. [Q12]

11. Iron & Steel — Maximum Foreign Exchange Earner

- Jab question pucha gaya tha, **Iron and Steel industry India** ke liye sabse zyada foreign exchange kamati thi (**Tea, Jute, Sugar se zyada**). [Q13]

12. Bhilai State Match Trap (Chhattisgarh, Not MP)

- 'Bhilai-Madhya Pradesh' GALAT hai — **Bhilai actually Chhattisgarh mein hai** (Durgapur-WB, Jamshedpur-Jharkhand, Rourkela-Odisha sahi hain). [Q14]

⚠ EXAM TRAP — Bhilai — Chhattisgarh mein hai, Madhya Pradesh mein NAHI (state-reorganisation ke baad)

13. Rourkela — Iron Ore from Keonjhar

- Rourkela Steel Plant ko iron ore **Keonjhar (Mayurbhanj, Sundergarh se bhi)** se milta hai — coal Bokaro/Jharia/Talchar se, limestone-dolomite Biritrapur se, manganese Noamundi se. [Q15]

14. Second Five-Year-Plan Plants (Bhilai, Durgapur, Rourkela)

- 2nd Five Year Plan mein banaye gaye plants: **Rourkela (Germany), Bhilai (Russia), Durgapur (UK)** — teeno independence ke baad establish hue. [Q16]

15. Bhadravati — Far from Coalfields

- Bokaro, Durgapur, Kulti-Asansol sab coal reserves ke paas hain — **Bhadravati coal reserves se door hai**. [Q17, Q18]

| 16. China — World's Top Steel Producer (India 2nd)

- World Steel Association (Dec 2024) ke mutabik **China crude steel production mein pehle number par hai, India dusre number par.** *[Q19]*
