Chapter 09_The_Valley

Topic Index

1. Death Valley — USA
2. Famous Named Valleys — World Locations
3. Basins — World Locations
4. Karst Region — Landforms
5. Hanging Valley — Glacial Landform

Death Valley — USA

- **Death Valley** (South California, USA) **Rift Valley** ka example hai — tectonic faulting se banti hai. [Q1]
- Death Valley ka '**Devil's Golf Course**' section — large salt pan, Death Valley National Park, Mojave Desert (USA) mein hai. [Q2]
- Death Valley famous hai apni **Excessive Heat** ke liye (~56.7°C max temp) — North America ka lowest point (~86m below sea level; Argentina ka Laguna del Carbón usse bhi neeche hai, ~105m). [Q3]
- Death Valley **California state** mein hai. [Q4]

Famous Named Valleys — World Locations

- **Panjshir Valley** = Afghanistan (Kabul se ~150km north, Hindu Kush ke paas) — Soviet-Afghan War ka main battleground tha. [Q5]
- **Silicon Valley** = California, USA (San Francisco Bay Area, southern part) — computer-chip/high-tech industries ke liye famous. [Q6]
- **Taylor Valley** = Antarctica mein hai — 1903 mein Robert Falcon Scott ne discover kiya, isko 'Valley of the Dead' naam diya. [Q7]
- **Valley of the Kings** (Wadi el-Muluk) = **Egypt** mein hai. [Q10]

Basins — World Locations

- **Great Artesian Basin (GAB)** = **Australia** mein hai (world ka largest underground water reservoir, ~1.7 million sq km, Great Dividing Range ke around). [Q8]
- **Great Basin** = **USA** mein hai — East mein Rocky Mountains, West mein Sierra Nevada, North mein Columbia Plateau, South mein Mojave/Sonoran deserts. [Q9]

EXAM TRAP

- 'Great Artesian Basin' (Australia) aur 'Great Basin' (USA) — naam similar hai lekin dono alag countries mein hain, confuse mat ho. [Q8, Q9]

Karst Region — Landforms

- **Blind Valley (Steephead Valley)** = **Karst Region** mein paayi jaati hai (deep, narrow, flat-bottomed, abrupt ending — limestone landscapes mein develop hoti hai). [Q11]
- Karst region mein paaya jaane wala landform: **Sink hole (Doline)** — Pot hole/Blow hole/Playa Karst se related NAHI hain. [Q13]

Hanging Valley — Glacial Landform

- **Hanging Valley** = **Glacier** erosion se banta hai — jab chhota tributary glacier bade main glacier se milta hai, main glacier deeper valley banata hai jabki tributary valley higher elevation pe reh jaati hai. Junction pe steep drop/waterfall banta hai (e.g. Yosemite Valley, USA). [Q12]
