Topic Index

1. Border Lines — Correct/Incorrect Pairings
2. Rivers/Lakes Forming International Borders
3. Durand Line
4. McMahon Line
5. Radcliffe Line
6. 38th Parallel — Korea
7. Maginot Line — Nature
8. World ki Longest International Border
9. Canada-Alaska Boundary

Border Lines — Correct/Incorrect Pairings

- Correct: Radcliffe Line-India/Pakistan, Maginot Line-France/Germany. **GALAT:** Durand Line-Bangladesh/India (actually Afghanistan/Pakistan hai); Hindenburg Line-Belgium/Germany (actually WWI German defensive system, Northern France mein, koi international boundary NAHI hai). [Q1]

EXAM TRAP

- Durand Line actually **Afghanistan-Pakistan** boundary hai — Bangladesh-India se confuse mat karo. [Q1]

Rivers/Lakes Forming International Borders

- **Rhine River** Europe mein several places pe international boundaries banati hai. [Q2]
- **Rio Grande River** = Mexico aur USA ke beech boundary ka part banati hai. [Q3]
- **Lake Victoria** = Tanzania aur Uganda (+Kenya) ke beech international boundary banati hai — world ki largest freshwater lakes mein se ek (surface area se). [Q4]

Durand Line

- **Durand Line** = Pakistan-Afghanistan boundary. [Q5]

McMahon Line

- **McMahon Line** = India-China border (eastern Himalayan sector) — 1914 Shimla Convention se emerge hui, Sir Henry McMahon (British India's Foreign Secretary) ke naam pe. [Q6]

Radcliffe Line

- **Radcliffe Line** = India-Pakistan boundary (Partition 1947 se) — baad mein 1971 ke baad India-Bangladesh boundary bhi define karti hai. 38th parallel=Korea, 49th parallel=USA-Canada, McMahon=India-China (contrast ke liye). [Q7]

38th Parallel — Korea

- **38th Parallel (38°N)** = North Korea aur South Korea ko divide karta hai. [Q8,Q9]

Maginot Line — Nature

- **Maginot Line** = French fortified defensive line, Germany-facing frontier pe (1930s mein banayi gayi) — strict geographical sense mein yeh international boundary line NAHI hai, military defensive line hai. [Q10]

World ki Longest International Border

- **Canada-USA border** = world ki longest international border (~8,891 km) — Russia-Kazakhstan ~6,846km, Chile-Argentina ~5,308km, India-China ~3,488km se lambi. [Q11]

Canada-Alaska Boundary

- **141° West longitude** = Canada aur Alaska (USA) ke beech straight-line boundary banata hai (Arctic Ocean se Mount Saint Elias tak) — April 1906 Convention ke under survey hua. [Q12]
