

Rivers of the World — FULL MIND MAP

Topic-wise · Fully Explained · Hinglish · SSC / BPSC / BSSC / Railway

Chapter 26_Rivers_of_the_World

Topic Index

1. River-Sea Pairing (Correct/Incorrect)
2. Amazon River — World Records
3. Congo/Zaire River — Equator
4. Longest Rivers — Comparison
5. Nile River — Drainage Basin aur Source
6. Salween River — Myanmar
7. River-Direction Pairing
8. Asia ki Longest River
9. World Drainage Basins — Map Identification
10. Central Asia — Amu/Syr Darya Rivers
11. Black Sea — Rivers Draining Into
12. Rivers — Sea/Ocean Destination Matching
13. Rift Valley — River
14. Elbe aur Rhine — North Sea
15. Asia-Related River/Lake Identification
16. Limpopo River — Tropic of Capricorn
17. Sri Lanka — Radial Drainage
18. European Rivers — Country Matching
19. Mekong River — Countries
20. Lake Itasca — Mississippi's Source
21. Bird's Foot Delta
22. Grand Canyon — Colorado River

River-Sea Pairing (Correct/Incorrect)

- Correct: Volga-Caspian Sea, Zambezi-Indian Ocean — **GALAT**: Mekong-Andaman Sea (actually South China Sea, Vietnam delta se), Thames-Irish Sea (actually North Sea, Thames Estuary se). [Q1]

Amazon River — World Records

- **Amazon** = world ki **largest drainage basin** wali river hai (~7 million sq km) — average discharge se bhi largest hai. [Q2]
- Conventional exam classification mein **Nile 1st longest, Amazon 2nd longest** maani jaati hai — kuch studies Amazon ko Nile se lambi bhi bataate hain (source/mouth definition pe depend karta hai). [Q3]
- **Amazon** = South America ki longest river hai — world ki largest river (discharge+basin se). [Q7]

EXAM TRAP

- Length mein Nile #1 (conventional), Amazon #2 maani jaati hai — lekin discharge/drainage-basin mein Amazon world ki largest hai. Dono facts alag hain, confuse mat ho. [Q2,Q3]

Congo/Zaire River — Equator

- **Congo (Zaire) River** = Africa ki 2nd largest river (Amazon ke baad) — **Equator ko 2 baar cross** karti hai. [Q4]
- **Cameroon** Congo Basin ka part hai — Nigeria, South Sudan, Uganda conventional 6-core-country list mein NAHI aate. [Q5]

Longest Rivers — Comparison

- Given options mein longest: **Amazon** — Amur, Congo, Lena sab isse chhoti hain (Nile options mein nahi tha). [Q6]

Nile River — Drainage Basin aur Source

- Nile drainage basin countries: Burundi, Rwanda, DR Congo, Ethiopia, Sudan, South Sudan, Tanzania, Kenya, Eritrea, Uganda, Egypt — **Chad Nile basin ka part NAHI** hai. [Q8]
- **Blue Nile** ka origin **Lake Tana (Ethiopia)** se hota hai — Ethiopia mein upper course ko 'Abbay' kehte hain. [Q9]
- 'Egypt is the Gift of the Nile' — Nile Egypt ko water + fertile alluvium deti hai (dense settlement/agriculture possible banati hai arid region mein); Nile Valley/Delta Sahara ke andar oasis-jaisi fertile corridor banate hain — dono statements TRUE, R sahi explains A. [Q10]

Salween River — Myanmar

- **Salween River** = Myanmar ke map mein eastern part, north-south flow — Tibetan Plateau se nikalti hai, ~2,815km cover karke **Andaman Sea** mein girti hai. [Q11]
- Asia ki rivers mein South ki taraf flow karti hai: **Salween** — Amur (E/NE), Lena (N-Arctic), Ob (N-Arctic) different directions mein flow karti hain. [Q12]

River-Direction Pairing

- Correct: Amur-NE, Syr Darya-NW (Aral Sea ki taraf), Angara-North (Baikal se Yenisei tak) — **Mekong GALAT** hai (actual direction South-East hai, South-West NAHI). [Q13]

Asia ki Longest River

- **Yangtze (Chang Jiang)** = Asia ki longest river (~6,300km) — poori China ke andar flow karti hai, East China Sea (Shanghai ke paas) mein girti hai. Indus, Brahmaputra, Hwang Ho isse chhoti hain. [Q14]

World Drainage Basins — Map Identification

- Drainage basins map: A-Paraná (South America), B-Ganga-Brahmaputra (South Asia), C-Zambezi (Southern Africa), D-Indus (South Asia). [Q15]
- Americas rivers map: A-Yukon, B-Mackenzie, C-St. Lawrence, D-Orinoco. [Q16]

Central Asia — Amu/Syr Darya Rivers

- Amu Darya aur Syr Darya (Central Asia ki prominent rivers) **Aral Sea** mein girti hain. [Q17]

Black Sea — Rivers Draining Into

- **Dnieper aur Danube** dono **Black Sea** mein girti hain — Dnieper Moscow ke west se nikalti hai; Danube (Volga ke baad Europe ki 2nd longest, Germany se nikalti hai, ~2,857 miles). [Q18]
- **Volga** = Europe ki longest river, Valdai Hills (Moscow NW) se nikalti hai, **Caspian Sea** mein girti hai — Black Sea mein NAHI. Ural River bhi Caspian Sea mein girti hai (Ural Mountains se). [Q19]

⚠ EXAM TRAP

- Volga **Caspian Sea** mein girti hai, Black Sea mein NAHI — Dnieper aur Danube Black Sea mein girti hain, in dono ko confuse mat karo. [Q18, Q19]

Rivers — Sea/Ocean Destination Matching

- Lena-Arctic Ocean, Amur-Pacific Ocean, Tigris-Persian Gulf (Shatt al-Arab system se), Mahi-Arabian Sea. [Q20]

Rift Valley — River

- **Rhine River** = Swiss Alps se nikalti hai, **Rift Valley** se hoke North Sea mein girti hai — Bonn (famous German city) Rhine ke tat pe hai. Amazon, Indus, Volga rift valley se nahi guzarti. [Q21]

Elbe aur Rhine — North Sea

- **Elbe AUR Rhine** dono **North Sea** mein apna water drain karti hain — Elbe basin ~1.5 lakh sq km. [Q22]

Asia-Related River/Lake Identification

- Lop Nor (China, Xinjiang), Amur (E. Asia, Russia-China boundary), Tigris (E. Turkey se Iraq, Persian Gulf tak) — sab Asia se related; **Niger Africa se related hai, Asia se NAHI** (Guinea highlands se nikalti hai, Gulf of Guinea tak). [Q23]

Limpopo River — Tropic of Capricorn

- **Limpopo River (Africa)** — **Tropic of Capricorn ko 2 baar cross** karti hai (Zambezi, Congo, Niger nahi karti). [Q24]

Sri Lanka — Radial Drainage

- **Sri Lanka** = **radial drainage pattern** ka best example — south-central highland (~1,500m) se rivers radially samundar ki taraf flow karti hain. **Mahaweli River** Sri Lanka ki longest river hai (~335km), Hatton plateau se nikalti hai, Bay of Bengal mein girti hai. [Q25, Q26]

European Rivers — Country Matching

- Correct: Dnieper-Ukraine, Po-Italy, Rhine-Germany — **Rhone Spain ki NAHI** hai (Rhone Geneva/Switzerland se hoke Mediterranean ki Gulf of Lions mein girti hai — France se zyada associated hai, Spain se nahi). [Q27]

Mekong River — Countries

- **Mekong** Tibetan Plateau se nikalti hai, flow karti hai: China (Yunnan), Myanmar, Laos, Thailand, Cambodia, Vietnam — South China Sea mein girti hai. **Malaysia AUR Bangladesh se NAHI guzarti**. [Q28, Q29]
- Mekong Statement 1 (Tibetan Plateau se origin) **TRUE**; Statement 2 (Delta Southern Cambodia mein) **FALSE** — Mekong Delta actually mainly **Southern Vietnam** mein hai (Cambodia lower-basin ka important part hai, lekin delta khud Cambodia mein nahi hai). [Q31]

EXAM TRAP

- Mekong Delta **Southern Vietnam** mein hai, Cambodia mein NAHI — Cambodia lower Mekong basin ka part hai lekin delta wahan nahi. [Q31]

Lake Itasca — Mississippi's Source

- **Lake Itasca (Minnesota)** = **Mississippi River** ka conventional source hai — Mississippi USA se hoke south mein flow karti hai, Gulf of Mexico mein girti hai. Major tributaries: Missouri, Ohio, Arkansas, Red River. [Q30]

Bird's Foot Delta

- **Mississippi River** ke mouth pe 'Bird's Foot' type delta banta hai. [Q32]

Grand Canyon — Colorado River

- **Grand Canyon (Arizona, USA)** **Colorado River** ke erosion se bana hai — major incision phase last ~5-6 million years mein hua (landscape/rocks bahut purani hain). Sediment/rock-fragments abrasion badhate hain, flowing water + weathering canyon ko deepen/widen karte hain. [Q33]
