21. Plitvice Lakes — World Heritage Site
22. Aral Sea — Shrinkage

Lake Faguibine — West Africa

- **Lake Faguibine** (Mali, West Africa) sookh kar **desert** mein badal gayi hai. [Q1]

Lake-Country Matching

- Correct: Balkhash-Kazakhstan, Titicaca-Bolivia/Peru, Erie-USA/Canada — **Baikal-Ukraine** GALAT hai (Baikal actually **Russia** mein hai). [Q2]
- **Balkhash Lake = Kazakhstan** (east-central) mein hai — Central Asia ki largest lake, world ki 15th largest. [Q3]

EXAM TRAP

- Lake Baikal **Russia** mein hai, Ukraine mein NAHI — common wrong pairing. [Q2]

Niagara Falls — Location

- **Niagara Falls** = **Lake Ontario** aur **Lake Erie** ke beech hai (North America, Niagara River, US-Canada border) — Niagara River in dono lakes ko connect karti hai. [Q4]

Lake Tanganyika

- **Lake Tanganyika** = world ki **2nd deepest lake (1,470m, Baikal ke baad)** AUR **longest freshwater lake** hai. [Q5]

Equator — Water Bodies

- Lake Tanganyika, Lake Tonle Sap, Patos Lagoon — **in teeno mein se koi bhi Equator pe NAHI** hai (sabki latitude 0° se door hai). [Q6]

Great Lakes — Composition

- Great Lakes (North America): Superior, Michigan, Huron, Erie, Ontario — **Bear Lake iska part NAHI** hai. [Q7]
- Great Lakes East-to-West order: **Ontario → Erie → Huron → Michigan → Superior**. [Q8]

Lake Fully Within USA

- **Lake Michigan** = पूरी तरह USA के अंदर है (Great Lakes में सिर्फ यही एक पूरा US में है) — Superior, Huron, Erie, Ontario सब US-Canada border पे हैं। [Q9, Q10]

Lakes — Area Descending Order

- Descending order: **Superior (82,097 sq km) > Victoria (68,870) > Baikal (31,500) > Great Bear (31,153)**. [Q11]

Lakes — Size Descending Order

- Descending order: **Superior (~82,367 sq km) > Victoria (~58,016) > Michigan (~57,750) > Chilika (~900-1,165, Odisha की brackish lagoon)**. [Q12]

Largest Freshwater Lake

- **Lake Superior** = world की largest freshwater lake — Great Lakes का part, Canada-USA border पे. [Q13]

Baikal — Oldest aur Deepest

- **Lake Baikal (Siberia, Russia)** = world ki **oldest AND deepest lake** (max depth ~1,642m, 25 million+ years old). [Q14, Q15, Q16]
- Depth comparison: Baikal (1,642m) > Dead Sea (avg 120m) > Titicaca (280m) > Victoria (max 84m, avg 40m). [Q16]

Caspian Sea — Largest by Area+Volume

- Area aur volume dono ke basis pe world ki largest lake **Caspian Sea** hai (~371,000 sq km, saltwater) — Aral Sea, Baikal, Michigan se badi. [Q17]

Finger Lakes Region

- **Finger Lakes Region** = USA (New York state, NW) mein hai — small lakes ki series. [Q18]

Finland — Lake Nicknames

- **Finland** = 'Garden of Lakes' (~187,888 lakes, ~178,917 islands) AUR 'Land of One Thousand Lakes' — Saimaa (Finland ki largest lake) Europe ki 4th largest lake hai. [Q19, Q20]

Unique Lakes — Location Matching

- Correct: Boiling Lake-Dominica, Red Lagoon-Bolivia, Great Slave Lake-Canada — **Five Flower Lake-Mongolia GALAT** hai (actually Sichuan, China mein hai). [Q21]

⚠ EXAM TRAP

- Five Flower Lake actually **Sichuan, China** mein hai, Mongolia mein NAHI. [Q21]

Lake Superior — Cities

- **Duluth** = Lake Superior ke tat pe स्थित North America ka 2nd largest city — Chicago, Buffalo, Detroit alag Great Lakes pe hain. [Q22]

Lake-Country Mismatches

- Correct: Titicaca-Bolivia/Peru, Urmia-Iran, Athabasca-Canada — **Reindeer Lake-Russia GALAT** hai (actually Canada mein hai). [Q23]
- Correct: Baikal-Russia, Caspian Sea-Asia/Europe, Tanganyika-Africa — **Malawi-Asia GALAT** hai (Lake Malawi actually Africa mein hai). [Q31]
- Correct: Maracaibo-Venezuela, Michigan-USA, Baikal-Russia — **Onega-Canada GALAT** hai (Lake Onega actually NW Russia mein hai, Baltic Sea basin, Europe ki 2nd largest lake Ladoga ke baad). [Q33]

⚠ EXAM TRAP

- Reindeer Lake **Canada** mein hai; Lake Malawi **Africa** mein hai; Lake Onega **Russia** mein hai — teeno

common wrong-country pairings hain. [Q23,Q31,Q33]

World's Highest Waterfall — Angel Falls

- **Angel Falls (Salto Ángel)** = world ka highest waterfall (~979m) — **Venezuela** mein hai (Rio Churun pe, Rio Carrao ki tributary, Rio Carrao Rio Orinoco ki tributary). Tugela Falls (South Africa, ~948m) bhi bahut high hai lekin conventional exam answer Angel Falls hi hai. [Q24,Q25,Q30]

⚠ EXAM TRAP

- World's highest waterfall **Angel Falls (Venezuela)** hai — Tugela Falls (South Africa) second hai, exam mein galti se pehla answer diya jaata hai. [Q30]

Victoria Falls — Zambezi River

- **Victoria Falls** = **Zambezi River** se associated hai — Zambia-Zimbabwe border pe (South-Central Africa). [Q26]

Lake Victoria — Facts aur Common Misconceptions

- Lake Victoria **3 countries** se surrounded hai (Tanzania, Uganda, Kenya) — 4 NAHI (Statement 1 galat); East African Rift ki branches ke beech hai, directly rift valley mein NAHI (Statement 2 bhi galat) — is question mein dono statements incorrect hain. [Q27]
- Lake Victoria world ki **2nd largest freshwater lake** hai (surface area se) — 3rd NAHI (Statement 1 galat); 3 countries se bordered hai — 4 NAHI, Rwanda shamil nahi hota (Statement 3 galat); Africa ki Great Lakes mein shamil hai (Statement 2 sahi); Nile hi Lake Victoria se nikalne wali single outflow river hai, Jinja-Uganda ke paas (Statement 4 sahi). [Q28]

Plitvice Lakes — World Heritage Site

- **Plitvice Lakes (Croatia)** = UNESCO World Heritage Site (1979 se) — 16 lakes jo waterfalls ki series se connected hain, deep woodland mein rare bird species. [Q29]

Aral Sea — Shrinkage

- Human activities ki wajah se **sirf Aral Sea** immensely shrink/dry hua hai — Black Sea aur Lake Baikal mein bhi kuch contraction hai lekin Aral Sea ke comparison mein bahut kam hai (NASA satellite image 2014, 1989 se comparison). [Q32]
