

GUPTA & POST-GUPTA PERIOD — FULL MIND MAP

Topic-wise · Fully Explained · Hinglish · SSC / BPSC / BSSC / Railway

Topics in this chapter:

1. Gupta Dynasty — Timeline, Founders & the Golden Age
2. Samudragupta — Conquests, Titles & the Prayag Prashasti
3. Chandragupta II — Accession, Saka Conquest & Coinage
4. The Gupta-Vakataka Alliance
5. Kumaragupta I — The Dashpur (Mandsaur) Inscription
6. Gupta Royal Genealogy
7. Skandagupta & the Huna Invasions
8. Later Hunas & Their Decline — Toramana, Mihirakula & Yashodharman
9. Gupta Administration & Land Grants
10. Trade, Ports, Guilds & Industry
11. Science, Medicine & Mathematics
12. Nine Gems & Gupta Court Culture
13. Gupta & Post-Gupta Coinage
14. Society & Social Customs
15. Land Revenue & Taxation System
16. Urban Decline in the Gupta Period
17. Era & Calendar Systems
18. Foreign Travellers of the Gupta Period — Fa-Hien & Sungyun
- 19a. Sankhya Darshan
- 19b. Yoga Darshan
- 19c. Nyaya Darshan
- 19d. Charvaka (Lokayata) Darshan
- 19e. Mimamsa Darshan
- 19f. Vaisheshika Darshan & the Six Systems Overview
- 19g. Vedanta Darshan — Advaita & Vishishtadvaita
20. Post-Gupta Regional Dynasties — Later Guptas, Maukharis & Maitrakas
21. Harshavardhana — Rise, Capital & Conquests
22. Hiuen-Tsang's India
23. Post-Harsha Foreign Travellers — I-tsing & Others
24. Nalanda University
25. Feudalism in Post-Gupta India
26. Adi Shankaracharya
27. Court Poets & Miscellaneous Match Lists

1. Gupta Dynasty — Timeline, Founders & the Golden Age

- Gupta dynasty ki sthapna King Srigupta ne ~275 AD mein ki thi. Lekin dynasty ke pehle powerful ruler Chandragupta I the, jinhone 319-335 AD mein raj kiya aur 'Maharajadhiraja' ki title li. [Q1]
- Ancient India mein Gupta dynasty ke raj ko 'Golden Age' maana jaata hai — art, architecture, literature, science, maths aur culture mein excellent development ki wajah se. [Q67]
- Ruler-Title match: Ashoka → Priyadarsin; Samudragupta → Parakramank; Chandragupta-II → Vikramaditya; Skandagupta → Kramaditya. [Q64]

2. Samudragupta — Conquests, Titles & the Prayag Prashasti

- Historian V.A. Smith ne apni book 'Early History of India' mein Samudragupta (335-375 AD) ko unki great military achievements ki wajah se 'Napoleon of India/Ancient India' kaha. [Q3, Q4]

- Samudragupta hi Gupta dynasty ke pehle ruler the jinhone 'Param Bhagavata' ki title li thi — ye Nalanda aur Gaya se mile copperplate inscription se pata chalta hai (halaki UPPSC ki purani key mein Chandragupta-II galat likha gaya tha). [Q6, Q7]
- Allahabad Pillar (Prayag Prashasti) originally Ashoka ne banwaya tha, lekin baad mein Harisena dwara Sanskrit mein likhi Samudragupta ki tareef wali 'Prayag Prashasti' ke liye famous ho gaya — isme Jahangir aur Birbal ke naam bhi likhe hain (isliye C aur D dono sahi hain). Ye pillar Samudragupta ke reign aur unki military campaigns ki jaankari deta hai. [Q8, Q9, Q10, Q12]
- Prayag Prashasti mein Koshala ke raja ka naam Mahendra likha hai — Dakshinapath ke doosre kingdoms/rajaon ke saath. [Q11]
- Samudragupta ko 'Lichchhavi-Dauhitra' (Lichchhavi ka pota) kaha jaata tha — unki maa Kumaradevi, Lichchhavi dynasty ki rajkumari thi. Unke pita Chandragupta I the. [Q13]
- Tej Ram Sharma ki book ke mutabik, Samudragupta ne Ashwamedha Yajna perform kiya tha, jiske baad unhone 'Prithivya Pratham Veer' (dharti ka pehla veer, jiska koi rival nahi) ki title li. [Q14]
- Samudragupta ke court poet-minister Harisena ne Sanskrit mein Allahabad Pillar par 'Prayag Prashasti' likhi thi. 'Devichandraguptam' Vishakhadatta ne likha tha, Harisena ne nahi. [Q15]
- Samudragupta ne haraye gaye rajaon ka match: Dhananjaya → Kusthalpura; Nilaraja → Avamukta; Ugrasena → Palaka; Vishnugopa → Kanchi. [Q16]
- Chinese source ke mutabik, Sri Lanka (Ceylon) ke Buddhist raja Meghavarman ne Samudragupta ke paas ek missionary bheja tha, Bodh Gaya mein ek Buddhist monastery banane ki permission maangne — Samudragupta ne permission de di. [Q82]

3. Chandragupta II — Accession, Saka Conquest & Coinage

- Chandragupta-II 'Vikramaditya' ka doosra naam 'Devagupta' bhi mila hai — ye Sanchi aur Vakataka inscriptions se pata chalta hai. Unhe Devaraja aur Devashri bhi kaha jaata tha. [Q5]
- Mehrauli Iron Pillar (Delhi ke Quwwat-ul-Islam mosque mein) par 'Chandra' naam ke king ka zikr hai, jo generally Chandragupta II se identify kiya jaata hai — originally ye pillar Vishnugiri (Udaigiri hills ke pass) mein tha. [Q17]
- Samudragupta ke baad unke bade bete Ramagupta raja bane, lekin Sakas ke invasion ka saamna na kar paane ki wajah se unhone apni patni surrender karne ki sehmati de di. Chhote bhai Chandragupta II ne isse virodh karke Ramagupta ko maar diya, unki widow Dhruv Devi se shaadi ki, aur Sakas ko haraakar gaddi par baithe. [Q18]
- Chandragupta-II ne last Saka king Rudrasimha-III ko haraakar Saka power khatam ki, isliye unhe 'Saka Conqueror' (Sakari) kaha jaata hai. Isi jeet ko celebrate karne ke liye unhone silver coins (Rupaka) issue kiye — wo pehle Gupta ruler the jinhone silver coins issue kiye. [Q26, Q27]
- Sakas par jeet ke baad, Chandragupta-II ke silver coins iski proof hain (Saka Kshatrapa coins jaise, ~30-33 grains weight ke) — Gujarat aur Malwa ka kuch hissa unke empire mein add hua. [Q28, Q29]
- Chinese Buddhist monk Fa-Hien, Chandragupta-II (Vikramaditya) ke reign mein (early 5th century) India aaye the — unka main purpose authentic Buddhist texts collect karna tha. [Q30]

4. The Gupta-Vakataka Alliance

- Vakataka king Pravarasena-I ne 4 Ashwamedha Yajna perform ki thi, aur bahut se Vedic oblations bhi kiye. Doosre Vakataka ruler Pravarasena-II ne literature mein interest liya, aur 'Setubandha' likhi. [Q2]
- Chandragupta II ne apni beti Prabhavati (Kubernaga se) ki shaadi Vakataka dynasty ke Rudrasena II se karke apni position strengthen ki — ye alliance unke Saka campaigns ke liye strategically bahut important tha. [Q31]
- Rudrasena II ki mrityu ke baad, Prabhavati Gupta ne apne minor beto ke liye regent ki tarah Vakataka Empire par khud raj kiya. [Q32]
- Vakataka dynasty ke founder Vindhyashakti the, unke successor Pravarasena I ko 'real/actual founder' bhi mana jaata hai — unke time boundary North mein Bundelkhand se Deccan (Hyderabad tak) thi. Unhone 'Samrat' ki title li aur kai Ashvamedha Yajna kiye. [Q33]
- Inscription-ruler match mein galti: Prabhavati Gupta ka Udayagiri Cave Inscription se koi record NAHI mila — unka prominent inscription 'Poona copper plate' hai. Baaki matches sahi hain: Kumargupta I-Mandsaur, Patik-Takshashila, Chandragupta II-Udayagiri cave, Samudragupta-Eran. [Q34]

5. Kumaragupta I — The Dashpur (Mandsaur) Inscription

- Dashpur (Mandsaur) inscription ko duniya ka 'first advertisement' maana jaata hai — Kumargupta-I ke period ka hai, isme silk trade aur silk weavers guild ka advertisement/information hai. [Q35, Q37]
- Mandsaur-Prashasti, Vatsabhata (Vatsabhatti) ne, jo Kumargupta-I ke samkalin the, Malwa mein compose ki thi — isme Kumargupta-I ki achievements ka varnan hai, aur ye bhi bataya gaya hai ki silk workers ne yahan ek sun temple banwaya tha. [Q36]
- Dashpur inscription Bhavabhuti ne NAHI, balki Vatsabhatti ne compose ki thi. Isme likha hai ki Lata region (Gujarat) ke silk weavers ke guild ne Dashpur mein Sun Temple banwaya. [Q38]

6. Gupta Royal Genealogy

- Gupta ruler-queen match: Chandragupta I → Kumaradevi (Lichchhavi princess); Samudragupta → Duttadevi; Chandragupta II → Kubernaga (Naga princess); Kumargupta I → Anantdevi. [Q39]

7. Skandagupta & the Huna Invasions

- Hunas ka pehla invasion Skandagupta ke reign mein hua tha, aur unhone Hunas ko decisively haraya — halaki ye ek raid jaisa tha jisse India par koi lasting impact nahi pada, isne Gupta empire ke resources ko bahut drain kar diya aur uske decline ko tez kar diya. [Q19, Q20, Q21, Q22, Q23]
- Bhitari Pillar Inscription (Saidpur tehsil, Ghazipur dist., UP) se pata chalta hai ki Skandagupta ne Hunas ko badly defeat kiya tha. [Q24]
- Gupta Empire ke downfall ke reasons mein Huna invasions, feudatories ka उदय, aur weak successors (kuch Buddhism apnake apni martial spirit kho baithe) shaamil the — Arab invasion (Muhammad bin Qasim, 712 AD, medieval era) is decline ki wajah NAHI thi. [Q25]

8. Later Hunas & Their Decline — Toramana, Mihirakula & Yashodharman

- Toramana, Hephthalite Empire (jise Huna/White Huns bhi kehte hain) ke ek famous king the — unhone late 5th/early 6th century AD mein India par dusra Huna invasion lead kiya. [Q78]
- Mihirakula (Toramana ke bete, ek fierce Huna ruler) ko Aulikara king Yashodharman (Malwa) ne decisively haraya (~528 AD ya 495 AD, sources ke hisaab se alag) — isse Huna power practically khatam ho gayi. [Q79]
- Vasula Kavi ne Yashodharman ke Sondani (Sondhni) pillar inscription ko compose kiya tha — ye inscription Yashodharman ki Mihirakula par jeet ko describe karta hai. [Q172]

9. Gupta Administration & Land Grants

- Gupta period mein administrative divisions ka sahi sequence: Bhukti (Uparik ke under, province) → Vishaya (Vishayapati ke under, district) → Vithi (Aayulan/Vithimahattar ke under, sub-district) → Grama (village, sabse chhoti unit). [Q40]
- Gupta dynasty ke rulers ne temples aur Brahmins ko sabse zyada villages (Agraharas) daan diye the — is land se hone wali income daan lene wale (donee) ko milti thi, isse feudal structure mazboot hua. [Q66]
- Gupta Emperors apni divine origin (supernatural) mein believe karte the aur khud ke liye divine rights claim karte the (sahi). Mauryas ke ulta, Gupta administration highly centralized NAHI thi — ye decentralized, feudal-jaisi system follow karti thi jisme provincial governors ko zyada power thi. Unhone Brahmins/temples ko land donation (Agraharas/Brahmadeya) ki tradition ko aage badhaya. [Q83]

10. Trade, Ports, Guilds & Industry

- 3rd century AD mein jab Huna invasion ne Roman Empire ko khatam kiya, to Indian merchants ne South-East Asian trade par zyada bharosa karna shuru kiya, kyunki West ke saath direct trade links disrupt ho gaye the. [Q41]
- Tamralipti port (Bengal) North India ke trade ke liye eastern port tha — South-East Asia, China, Lanka, Java tak trade hota tha. Bhriku Kachchha (Bharuch) western coast ka important port tha, jaha se Gupta rulers western countries se trade karte the. [Q42, Q43]
- India, South-East Asia ke saath Bay of Bengal ke through cultural contacts aur trade links isliye maintain kar paaya kyunki Bay of Bengal se aane wali monsoon winds sea voyages ke liye predictable aur favourable thi. [Q44]
- Ancient India ke Guilds (Shreni) autonomously kaam karti thi — King inka chief administrative authority nahi hota tha, har guild ka apna head hota tha. Guilds salary, job rules, standards aur prices decide karne ki power rakhti thi, aur unke apne laws + judicial power bhi hoti thi apne members ko punish karne ke liye. [Q45]
- Gujarat, Bengal, Deccan aur Tamil Country — Gupta period mein textile manufacturing (kapda banane) ke liye famous the. [Q46]
- Trade guilds ke head ko 'Sarthavaha' ya 'Srenipramukh' kehte the — unke rules 'Samay' aur 'Srenidharma' kehlaate the. Ye term Vaishya (trader) varna se associated hai. [Q47]

- 3rd century AD mein Warangal (aaj ka Telangana) iron implements (loha ke saman) banane ke liye famous tha — yahan 'Agaria' log rehte the, jinka traditional occupation iron-making tha. [Q76]
- Ghantasala aur Kadura (East Coast) aur Chaul (West Coast) Gupta period mein foreign trade handle karne wale prominent ports the. [Q77]
- Post-Harsha period ke sources mein 'Hundi' ko 'bill of exchange' (financial instrument) ki tarah treat kiya jaata tha — RBI ke mutabik ye Indian subcontinent mein trade/credit transactions mein use hota tha. [Q159]

11. Science, Medicine & Mathematics

- ⚠ Trap: Gupta period ke medicine scholars poochne wale questions mein Sushruta ka naam galti se diya jaata hai — asal mein Sushruta ~600 BC ke the, Gupta period (275 AD se) se ~875 saal pehle. Shaunaka Rigveda ke sage the. Shudraka aur Saumilla Gupta period ke dramatist/playwright the, medicine se nahi jude. [Q48, Q49]
- Dhanvantari, Charaka aur Sushruta — teeno Ayurveda (medicine) ke great scholars the. Bhaskaracharya inn se ALAG hain — wo astronomer-mathematician the, jinhone 'Siddhanta Shiromani' aur 'Lilavati' likhi. [Q50]
- 'Lilavati' (mathematics ki famous book) Bhaskaracharya (Bhaskara-II) ne likhi thi. [Q51]
- Scientific progress: 1st century AD mein surgical instruments use hote the (Sushruta Samhita mein) — sahi. Human organ transplant ancient time mein possible NAHI tha — galat. Sine/Cosine/inverse-Sine Gupta period mein pata thi (Surya Siddhanta, Aryabhatiya mein, 5th century AD) — sahi. Brahmagupta ne 7th century AD mein cyclic quadrilaterals describe ki — sahi. [Q52]
- Fa-Hien ne apni yatra mein Pataliputra (capital) mein ek hospital ka zikr kiya hai, jo dayalu logo dwara fund kiya jaata tha — gareeb aur laachaar patients ki dekhbhal hoti thi, doctors unhe dekhte the, khana-dawai milti thi. [Q53]
- Aryabhatta (mathematician-astronomer, 'Aryabhatiyam' ke author) sabse pehle explain karne wale the ki din-raat Prithvi ke apni axis par ghoomne (rotation) se hote hain. [Q56]

12. Nine Gems & Gupta Court Culture

- Chandragupta-II ke 'Nine Gems' (Navratna) mein Kshapanak astrology se associated the. Baaki Navratna the: Kalidasa (Poet), Dhanvantari (Physician), Varahamihira (Astronomer), Amar Singh (Lexicographer), Shanku (Architect), waghera. [Q54]
- Kalidasa, Chandragupta-II (Vikramaditya) ke Navratnas mein se ek the. [Q55]
- Chess (Chaturanga) ka origin India mein, Gupta period mein hua — iska matlab army ke 4 divisions (infantry, cavalry, elephantry, chariotry) se hai. India se ye Persia (Iran) phir Europe pahunchi. [Q85]
- 'Mrichhakatika' (The Little Clay Cart), Shudraka ne likhi thi — isme ek ameer vyapari (Charudatta) aur ek courtesan ki beti (Vasantasena) ki love story hai, saath hi Gupta period ke samajik badlaav bhi dikhaye gaye hain. [Q86]

13. Gupta & Post-Gupta Coinage

- Gupta gold coins 'Dinara' kehlaate the — Chinese traveller Fa-Hien ke mutabik log bade transactions ke liye Dinar use karte the, jabki roz-marra ke chhote transactions ke liye cowries (Kaudi) use hoti thi. [Q57, Q58]
- Gupta silver coins 'Rupaka' kehlaate the. Gupta coins UP, Bihar, Bengal, MP, Rajasthan aur Odisha mein mile hain — Rajasthan ka 'Bayana hoard' (Bharatpur) sabse zyada coins wali jagah hai. [Q59]
- Chandragupta-I hi pehle Gupta ruler the jinhone coins issue ki (famous 'Chandragupta-Kumaradevi' type gold coins) — Ghatotkacha aur Srigupta (early Gupta rulers) ke coins issue karne ka koi historical evidence nahi hai. [Q60]
- 'Gadhahiya' ek silver coin thi — early medieval India mein Sassanian coins ki tarz par jaari ki gayi thi. [Q128]

14. Society & Social Customs

- Gupta period ke Sanskrit natakon mein women aur Sudras Prakrit bolte the, jabki upper varnas (classes) ke log Sanskrit bolte the. [Q61]
- 'Satipratha' ka sabse pehla inscriptional evidence Eran (MP) se mila hai — ye inscription 510 AD (Bhanugupta ke reign) ka hai, jisme ek war commander 'Goparaja' ki patni ke sati hone ka zikr hai. [Q62]
- Ancient India mein sirf Early Vedic age ko chhodkar, women ki equal status kabhi truly nahi rahi — Gupta, Maurya aur Chola periods mein women ki restricted/inferior condition ke evidence mile hain (child marriage, Sati, property rights ki kami waghera). [Q68]

15. Land Revenue & Taxation System

- Gupta age mein land revenue rate production ka 1/6th (chhata hissa) tha — inscriptions mein ise 'Udranga' aur 'Bhaga' kaha jaata tha. Dharmashastras (religious books) mein bhi legally prescribed rate 1/6 (Shadbhaga) tha — ye Hindu law ke mutabik valid tax tha. [Q69, Q70, Q71]
- 'Aprahat' un lands ko kaha jaata tha jo uncultivable/unploughed forest land thi. Cultivation ke layak land ko 'Kshetra' aur wasteland ko 'Khila' kehte the. [Q72]
- 'Kulyavapa' aur 'Dronavapa' Gupta period mein land measurement ke liye use hone wale terms the — ye batate the ki kitni zameen mein ek 'Kulya' ya 'Drona' measure ka beej boya ja sakta hai. [Q73]
- Gupta Empire ne tax-free agrarian land mostly Brahmins aur temples ko di — is tarah ke tax-free land grant ko 'Agrahara' ya 'Brahmadeya' kaha jaata tha. [Q74]
- Ancient India mein irrigation (sinchai) tax 'Udakabhaga' (Udakabhogam) kehlaata tha. Hiranya cash tax tha, Udranga Gupta period ka land tax tha, aur Uparnika (Uparikara) cultivators par extra tax tha. [Q75]
- 'Vishti' (forced labour) state, provincial governor ya local chief dwara enforce ki jaati thi — Gupta copper inscriptions mein ise tax ke ek form ki tarah mention kiya gaya hai, jo bina wage ke hoti thi. MP aur Kathiawar regions mein prevalent thi (Junagadh inscription se pata chalta hai). [Q84]

16. Urban Decline in the Gupta Period

- Gupta period mein towns ka gradual decline ek important feature tha — river valleys mein prosperous rahe zyadatar shehar is period mein decline hue. Jab Hiuen-Tsang India aaye (post-Gupta), tab Pataliputra jaisa bada shehar lagbhag ek gaon jaisa ban gaya tha. Mathura, Sonpur aur Sohgaora mein bhi is decline ke evidence mile hain. [Q65]

17. Era & Calendar Systems

- Gupta Samvat (era) Chandragupta-I ne 319-320 AD mein, apni gaddi par baithne ke time, shuru ki thi. [Q63]
- Era match: Vikram era → Vikramaditya ne 57/58 BC mein Saka par jeet ke occasion par shuru ki. Saka era → Kanishka ne 78 AD mein shuru ki. Gupta era → Chandragupta-I ne 319 AD mein shuru ki (question mein 320 AD ke sabse close match). Kali era → 3102 BC mein shuru maani jaati hai. [Q126]
- Statements sahi: Vikram Samvat 57/58 BC mein shuru hua, Saka Samvat 78 AD mein. Gupta dynasty Srigupta ne banayi thi, lekin Gupta era ki shuruaat Chandragupta-I (319 AD) ke reign se maani jaati hai. Muhammad Bin Qasim ne 8th century mein Sindh annex kiya tha, lekin India mein Muslim rule officially 1192 AD mein Shihabuddin Ghori ki jeet ke baad shuru hui. [Q127]
- Badami rock inscription of Pulakesin I, Saka year 465 ki hai — ise Vikrama Samvat mein convert karne ke liye: $465+78=543$ AD, phir $543+58=601$ Vikram Samvat. [Q129]
- Vikram Samvat ko 'Krit Samvat' aur 'Malav Samvat' bhi kehte hain — ye King Vikramaditya ne 57/58 BC mein shuru kiya tha. [Q130]
- Chalukya inscription jo Saka era ke 556 saal ki hai, wo Gregorian calendar mein $556+78=634$ AD ke barabar hai (Saka era Kanishka ne 78 AD mein launch ki thi). [Q131]

18. Foreign Travellers of the Gupta Period — Fa-Hien & Sungyun

- Chinese pilgrim Sungyun (Song Yun), early 6th century (518 AD) mein India aaye the — unhone 3 saal India mein reh kar Buddha ki teachings ke texts collect kiye. [Q80]
- Sungyun actually 518 se 521 AD tak India mein rahe — diye gaye time-bracket options mein se koi bhi exactly match nahi karta, isliye 'None of the above' sahi jawab hai. [Q81]
- Statements galat: Fa-Hien, Kanishka ke 4th Buddhist Council (1st century AD) mein attend nahi kar sakte the, kyunki wo Chandragupta-II ke reign mein (~399 AD) aaye the, jo Kanishka se sadiyo baad tha. Hiuen-Tsang Harsha se milkar unhe Buddhism ka strong patron paaya, unke against nahi the — milne ke baad Harsha ne Mahayana Buddhism ko royal patronage di. [Q166]
- Statements swap ho gaye the: Fa-Hien Chandragupta II ke reign mein India aaye the (Harsha ke reign mein NAHI), aur Hiuen Tsang Harsha ke reign mein aaye the (Chandragupta II ke reign mein NAHI) — dono statements is form mein galat hain. [Q167]

19a. Sankhya Darshan

- Sankhya Darshan (India ke sabse purane orthodox philosophical schools mein se ek) ke Acharya (propounder) Maharshi Kapila hain — unhone 'Sankhya Sutra' aur 'Tatvasamas' compose kiye. [Q87, Q88, Q89]

- Sankhya School Hindu philosophy ke 6 orthodox schools ka hissa hai — ye rebirth/soul ke transmigration ko accept karta hai. Iske mutabik nescience (ignorance) hi dukh ka karan hai, aur self-knowledge se liberation milta hai. [Q90]
- Kapila Muni Sankhya philosophy ke sabse pehle propounder maane jaate hain (sahi). Is philosophy ke mutabik insaan ki zindagi nature ki forces se shaped hoti hai, kisi divine entity se nahi — ye strongly Dualism (Prakriti aur Purusha) mein believe karta hai (sahi). [Q91]
- 'Satkaryavada' (cause-effect ka doctrine, jisme effect pehle se hi cause mein exist karta hai) Sankhya philosophy ka main doctrine hai. [Q92]

19b. Yoga Darshan

- Maharshi Patanjali 'Yoga Darshan' ke founder/propagator maane jaate hain — halaki Yoga ki tradition bahut purani hai (Upanishads, Mahabharat, Jain-Buddha texts mein bhi mention hai), Patanjali ne isse ek complete philosophical system ki tarah explain kiya. [Q93, Q94]
- Ashtanga Yoga (Patanjali ke Yoga Sutras mein diye 8-limbed path) mein 8 practices hain: Yama, Niyama, Asana, Pranayama, Pratyahara, Dharana, Dhyana aur Samadhi. 'Anusmriti' Ashtanga Yoga ka hissa NAHI hai. [Q95]
- Ashtanga Yoga ke aakhri 3 limbs (Dharana, Dhyana, Samadhi) ko 'Antaranga Sadhana' (internal aids) kehte hain. Pehle 5 limbs (Yama se Pratyahara tak) ko 'Bahiranga Sadhana' (external aids) kehte hain. [Q96]
- 'Mahabhashya' (Sanskrit grammar commentary) ke author Patanjali, Shunga king Pushyamitra Shunga (184-148 BC) ke samkalin the — unhone Pushyamitra ke Ashvamedha Yajna mein priest ki tarah bhi kaam kiya tha. [Q97]

19c. Nyaya Darshan

-  Multiple Correct: Navya-Nyaya school ki foundation Mithila ke scholar Udayana (Udayanacharya) ke revolutionary kaam se hui, aur baad mein Gangesh Upadhyaya ne isse aage badhaya — isliye is question mein B aur D dono sahi maane jaate hain. [Q98]
- Nyaya Darshan sage Gautama (jinhe 'Akshapada' bhi kehte hain) ne propagate kiya tha — unki masterpiece 'Nyayasutra' hai. 'Nyaya' ka matlab hota hai decision/logic. [Q104, Q105, Q106, Q107]
- Darshan-Concept match: Nyaya Darshan → Logical thinking; Mimamsa Darshan → Vedic rituals perform karna; Sankhya Darshan → Real knowledge ki prapti; Vedanta Darshan → Khud ka gyan (Self-knowledge). [Q108]
- Nyaya philosophy mein Gyana (knowledge) ke synonym hain Buddhi (Cognition) aur Upalabdhi (Apprehension) — dono. 'Gyana' word 2 senses mein use hota hai: restricted (unmanifested knowledge) aur broad (manifested + unmanifested). [Q109]
- School-Proponent match: Vaisheshika → Kanada Muni; Nyaya → Gautama; Purva Mimamsa → Jaimini; Uttar Mimamsa → Badarayana. [Q110]

19d. Charvaka (Lokayata) Darshan

- Charvaka philosophy (jise Lokayata bhi kehte hain) materialistic ideology par based hai — famous saying: 'Jab tak jiyo, sukh se jiyo; udhar lekar bhi ghee piyo, kyunki jalne ke baad wapas nahi aana.' [Q99, Q103, Q119]
- Charvaka ke mutabik 'conscious body hi soul hai' — body aur soul synonymous hain. 'Bina consciousness ke body ek laash hai, aur bina body ke consciousness soul nahi hai' — ise 'Dehatmavada' (materialistic view of soul) kehte hain. [Q100]
- Charvaka philosophy sirf 'Perception' (Pratyaksha, direct anubhav) ko hi knowledge ka valid source maanta hai — inference ya scriptures (shastra) ko reject karta hai. Isse originally 'Lokayata' bhi kehte the. [Q101]
- Charvaka ke mutabik zindagi ki sabse badi value 'Kama' (sensual pleasure) hai — Dharma aur Moksha ko wo completely reject karte hain, sirf pleasure enjoy karna aur pain avoid karna hi wisdom maante hain. [Q102]

19e. Mimamsa Darshan

- Purva Mimamsa philosophy sage Jaimini ne shuru ki thi. [Q111]
- Karma ka theory mainly Mimamsa philosophy se related hai — ise 'Karma Mimamsa', 'Purva Mimamsa' ya 'Dharma Mimamsa' bhi kehte hain. Iske Acharya Kumaril Bhatta ko Purva Mimamsa aur Vedanta ke beech ka link maana jaata hai. [Q112]
- Mimamsa philosophy maanta hai ki Vedas mein eternal truth hai — Purva Mimamsa 'Karmakanda' (rituals) ki baat karta hai, aur Uttar Mimamsa 'Gyankand' (knowledge) ki. [Q113]
- 'Apurva' ka doctrine Mimamsa philosophy se related hai — ye ek unseen force hai jo Karma (deeds) aur unke result ke beech mediator ki tarah kaam karti hai. [Q114]

19f. Vaisheshika Darshan & the Six Systems Overview

- Maharishi Kanad ne 'atom theory' (Sanskrit mein) di aur Vaisheshika school ki sthapna ki — isliye unhe 'Indian Atomism ka founder' kaha jaata hai. Unke mutabik matter atoms se bana hai, aur atom sabse chhoti unit hai jo dikhai nahi de sakti. [Q115, Q116]
- Hindu philosophy ke 6 mainstream orthodox systems (Saddarshan) hain: Sankhya, Yoga, Nyaya, Vaisheshika, Mimamsa aur Vedanta. 'Lokayata' aur 'Kapalika' inn 6 systems ka hissa NAHI hain. [Q117]
- 'Bauddha' (Buddhism) ek Nastika (heterodox) school hai — kyunki wo Vedas ko valid knowledge ka source nahi maante. Vedic aur non-Vedic schools ke beech continuous dialogue/debate se hi Indian Philosophy develop hui. [Q118]

19g. Vedanta Darshan — Advaita & Vishishtadvaita

- Advaita Vedanta ke founder aur principal exponent Adi Sankaracharya the — unhone pehle ke philosophers ke kaam ko systematize karke ek coherent non-dualistic (Advaita) school banayi. [Q120]

- Samkara ki philosophy 'Advaita Vedanta' (Non-dualism) kehlaati hai — iske mutabik Brahman hi ekmatra reality hai, baaki sab illusion hai. Atman (soul) aur Brahman ki pehchan se hi Mukti milti hai. *[Q121]*
- Adi Shankaracharya ko 'Crypto-Buddhist' (chhupe hue Buddhist) bhi kaha jaata hai — unhone apni philosophy mein Buddhist concepts (jaise monism/emptiness ki similarity) shaamil kiye the. *[Q122]*
- Advaita Vedanta ke mutabik Mukti (liberation) Gyana (knowledge) se milti hai — sahi samajh se Atman aur Brahman ki pehchan hoti hai, jisse Mukti milti hai. *[Q123]*
- Vishishtadvaita Siddhanta ke founder Ramanujacharya (~1017-1137) the — Vaishnavite Saint. 'Vishishtadvaita' ka matlab hai 'differentiation ke saath non-dualism'. *[Q124]*
- Abhinav Gupta, Vedanta philosophy se JUDE NAHI hain — wo Kashmir Shaivism se associated hain. Shankaracharya (8th century), Ramanuja (11th century) aur Madhava (13th century) — teeno Vedanta ke prominent thinkers the. *[Q125]*

20. Post-Gupta Regional Dynasties — Later Guptas, Maukharis & Maitrakas

- Maukhari dynasty (Guptas ke feudatories, basically Gaya se the) ki capital Kannauj thi — Hari Varma, Aditya Varma, Ishan Varma, Sarva Varma aur Graha Varma unke chief rulers the. *[Q133]*
- Maukhari king Sarvavarman ka copper seal inscription Asirgarh fort (MP) mein mila tha, Gaya mein NAHI (ye galat pair hai). Iske text mein Maukhari kings ki genealogy hai, Harivarman se shuru hote hue. *[Q134]*
- Gupta decline se lekar Harshavardhana ke uday (7th century) tak: Later Guptas ne Magadha par raj kiya, Pushyabhutis (Thanesar) ne North India ke hisso par (6th-7th century) raj kiya, Maukharis ne UP (Kannauj samet) par raj kiya, aur Maitrakas (Valabhi) ne West/North Gujarat par (late 5th se late 8th century) raj kiya. Paramara dynasty (Malwa) aur Yadavas (Devagiri) bahut baad mein aaye. *[Q135]*
- Post-Gupta period mein main business center Ujjain se shift hokar Kannauj ho gaya tha — Chandragupta-II ke time Ujjain unki second capital thi, lekin baad mein Harsha ne Kannauj ko apni capital banaya. Kannauj Ganga ke kinare hone ki wajah se Palas, Pratiharas aur Rashtrakutas — teeno powers ke liye attraction ka center ban gaya. *[Q164]*

21. Harshavardhana — Rise, Capital & Conquests

- Banabhatta ki 'Harshacharita' ke mutabik, Vardhana dynasty ki sthapna Pushyabhuti ne Thaneshwar (Sthaneshwar) mein ki thi — Harshavardhana is dynasty ke sabse bade ruler the. *[Q136]*
- Harsha ke time ki jaankari Banabhatta ki 'Harshacharita' se milti hai (wo Harsha ke court poet the). Kuch jaankari Kalhana ki 'Rajatarangini' se bhi milti hai — Kalidas ki books mein Harsha ka koi zikr nahi hai. *[Q137]*
- 'Harshacharita' Banabhatta ne likhi — ye Vardhana dynasty ka mukhya source hai, jisme Harsha aur unke ancestors ki biography hai. *[Q138]*
- Harsha ne apni sister Rajyashri ki madad ke liye apni capital Thanesar se Kannauj shift kar li — Chinese sources ke mutabik Harsha aur Rajyashri saath mein Kannauj par raj karte the. *[Q139, Q140]*

- Harshavardhana ne Kannauj (Mahayana Buddhism ki excellence prove karne ke liye, Hiuen Tsang ki presidency mein) aur Prayaga (Sangam par, har 5th saal, 'Mahamoksha council') mein 2 badi religious conventions organize ki. [Q141, Q142]
- Harsha ke time Assam (Kamarupa) par Bhaskar Varman raj karte the — wo Varman dynasty ke last ruler the aur Harsha ke important ally the. [Q143]
- Harsha ki southward march (Deccan ki taraf) Narmada river ke kinare Chalukya ruler Pulakesin-II ne rok di — ye Aihole inscription (Pulakesin II) aur Hiuen Tsang ke description mein mila hai. [Q144, Q145]
- Bhandarkar Oriental Research Institute ke researchers ne April 2016 mein ek naye mile copper plate inscription ke basis par claim kiya ki Pulakesin-Harsha ki ye battle 618 AD mein hui thi (pehle 630-634 AD maana jaata tha) — Jharkhand PSC ne 618 AD ko sahi maana. [Q146]
- Poet Banabhatta, Prithikuta village (Son river ke kinare, Aurangabad dist., aaj ke Bihar) mein paida hue the — diye gaye options (Pataliputra, Thanesar, Bhojpur) mein se koi match nahi karta. [Q147]

22. Hiuen-Tsang's India

- Chinese traveller Hiuen-Tsang, Harsha ke reign mein India aaye the — unka desire Mahatma Buddha se related jagah dekhna aur Buddhist texts padhna tha. Wo 629 AD mein Changan se rawana hue the. [Q148, Q149]
- Hiuen Tsang ke mutabik roads aur river routes robbery se pura tarah safe nahi the — khud unhe kai baar loota gaya (galat statement isliye). Crimes ke liye punishment sakht thi — fire/water/poison se ordeal hota tha (sahi). Trade routes, ferries aur barrier stations par tax lagta tha (sahi). [Q150]
- Hiuen-Tsang khud apni marzi se, ek pilgrim ki tarah India aaye the — kisi Chinese ruler ne unhe ambassador banakar NAHI bheja tha. Tang ruler Taizong ne foreign tours ban kar rakhe the, lekin Hiuen-Tsang chupke se 629 AD mein China se nikal gaye. [Q151]
- Hiuen Tsang ke mutabik, unki yatra ke dauran Mathura cotton clothes (kapda) production ke liye sabse famous city thi. Unhone Varanasi ko silk ke liye famous bataya. [Q152]
- Gupta aur post-Gupta period mein 'Kausheya' word Silk (resham) ke liye use hota tha. [Q153]
- Hiuen Tsang, Harsha ke reign mein, 637 AD mein Nalanda University gaye the — us waqt Acharya Sheelbhadra Vice-Chancellor the. Hiuen Tsang ne wahan lagbhag 1.5 saal Yogashastra padha. [Q154]
- Hiuen-Tsang ko mainly unki book 'Si-Yu-Ki' (Records of Western Regions) ke liye yaad kiya jaata hai — isme ancient India ki socio-political condition ki bahumulya jaankari hai. [Q155, Q157]
- Hiuen Tsang (Xuanzang), Harsha ke reign mein India aaye the aur Bhinmal (Rajasthan) bhi gaye the. [Q156]

23. Post-Harsha Foreign Travellers — I-tsing & Others

- Chinese traveller I-tsing (Yijing), 671 se 695 AD (late 7th century) tak India mein rahe — diye gaye options mein ye time-bracket match nahi karta, isliye 'None of the above' sahi jawab hai. [Q158]
- Ancient Chinese writers India ko 'Yin-tu' ya 'Thian-tu' naam se bulaate the — ye Hindu/Sindhu word ka variation hai. [Q160]

- ⚠️ Disputed: Foreign travellers ke India-tour years ka match kai options mein galat hai — I-tsing actually 671-695 AD tak the (diya gaya 679-695 AD partially galat hai), aur Al Masudi 915-16 AD mein aaye the (957 AD galat hai). Isliye ye question disputed maana jaata hai. [Q168]
- Foreign travellers ka chronological order: Fa-Hien (399-414 CE, Chandragupta II) → Hiuen Tsang (629-645 CE, Harsha) → I-tsing (671-695 CE, post-Harsha) → Al-Biruni (11th century, Mahmud of Ghazni ke saath). [Q169]
- Multan ka famous Sun Temple, Hiuen Tsang, Al-Masudi aur Alberuni jaise foreign travellers ne mention kiya hai, jo iski importance confirm karta hai (sahi). Sambpur ki pilgrimage (Krishna ke bete Samba se related, jo Sun ki pooja se leprosy se theek hue the) bhi Sun worship se associated thi (sahi). [Q170]

24. Nalanda University

- Nalanda University, jo Tibet, China, Greece aur Persia se scholars/students attract karti thi, Bakhtiyar Khalji ki Muslim army ne ransack/destroy kar di thi. [Q161]
- Nalanda, India (Bihar) ka sabse purana monastery maana jaata hai — halaki is town ka history Buddha ke time (6th century BC) tak jaata hai, actual university site Gupta period (5th century) se flourish hui. [Q162]
- Nalanda Mahavihara ka ancient site aaj ke Bihar rajya mein hai. [Q163]

25. Feudalism in Post-Gupta India

- Assertion-Reason: Post-Gupta period ki agrarian structure ki main feature feudal structure ka development tha (sahi), kyunki Brahmadeya/Agrahara land grants (pehle Brahmins ko, baad mein aur logo ko) widely diye gaye the — isse original cultivators dependent peasant class ban gaye, aur grantees land-owning middle class ban gaye (sahi Reason bhi). [Q165]
- Indian Feudalism ke essential elements: decentralized political authority (local feudatories powerful hote the) — halaki ye statement khud pehla point nahi hai, balki land grants se administrative structure banana aur lord-vassal (suzerain-subordinate) ka hierarchical relationship banana — ye 2 essential elements the. [Q171]

26. Adi Shankaracharya

- Shankaracharya (8th century saint) ne 4 religious centers (Mathas) establish kiye, Buddhism jaisi non-orthodox schools ka virodh kiya, aur Advaita Vedanta philosophy propagate ki. Unhone Prayag ko 'Teerthraj' ka naam NAHI diya — ye title Puranas/Epics mein pehle se hi ancient designation ke roop mein maujood thi. [Q173]
- Adi Shankaracharya, Kaladi (ek chhota gaon, Kerala) mein 8th century mein paida hue the — unhone Advaita Vedanta philosophy phailakar Hinduism ko revive kiya. [Q174]
- Adi Shankaracharya ne 4 Mathas (monasteries) establish kiye: Jyotirmath/Joshimath (North, Uttarakhand), Dwarka (West, Gujarat), Puri (East, Odisha), aur Sringeri (South, Karnataka). [Q175]
- India ke Chardham (4 abode) mein Badrinath, Dwarka, Puri aur Rameshwaram shaamil hain. Mansarovar (Tibet ki ek pavitra lake) Chardham ka hissa NAHI hai. [Q176]

27. Court Poets & Miscellaneous Match Lists

- ⚠️ Trap: Harisena, Samudragupta ke court poet-secretary the (Prayaga Prashasti ke composer), Harsha ke NAHI — Harsha ke court poet Banabhatta the. Baaki pairs sahi hain: Ravi Kirti ne Pulakesin II ke liye Aihole inscription likhi; Bhavabhuti, Yasovarman ke court mein the. [Q177]
- Courtier Poet match: Amir Khusro → Alauddin Khalji; Kalidas → Chandragupta II (Navratna); Harisena → Samudragupta; Banabhatta → Harshvardhan. [Q178]
- Ruler-Capital match: Raja Bhoj → Dhar (Paramara dynasty capital); Rani Durgawati → Gondwana (Garha Katanga); Samudragupta → Vidisha (unki campaigns se connection); Ashoka → Ujjain (emperor banne se pehle wahan governor the). [Q179]
- Puranas ke mutabik Chandravansh (Somvansha) ke rajaon ki mukhya jagah pehle Prayaga thi, lekin ek natural calamity ke baad Dwapar Yug ke Chandravanshi King Samvaram ne apni capital Pratishthanpur mein banayi. [Q132]
- Place-State pairs: Bhilsa → Vidisha, MP (sahi). Girinagar (Girnar) → Junagarh dist., Gujarat (sahi). Dwarasamudra (Halebidu) → Hoysala dynasty ki capital, Karnataka thi, Maharashtra NAHI (galat). Sthanesvara (Thanesar) → Haryana mein hai, UP NAHI (galat). Isliye sirf 1 aur 3 pairs sahi hain. [Q180]
