1. Chandragupta Maurya — Founder & Literary Sources

- Chandragupta Maurya ne India ka pehla pan-Indian empire establish kiya tha — unhone chhote-chhote fragmented kingdoms ko jodkar ek bada empire banaya, jo Iran ke edge tak phaila hua tha. Mauryan dynasty (321 BC – 184 BC) India ki sabse purani dynasty maani jaati hai (diye options mein), Kushan/Gupta/Vardhana dynasty baad mein aayi. [Q1, Q2, Q3, Q4]
- Vishakhadatta ke natak 'Mudrarakshasa' mein Chandragupta Maurya ke reign ke baare mein bahut information hai — isme Chandragupta ko Nandraja ka beta bataya gaya hai, aur unhe 'Vrishal' aur 'Kulheen' (low origin) bhi kaha gaya hai. Dr. K.P. Jayaswal ke mutabik, Vishakhadatta aur Chandragupta samkalin nahi the — is natak mein Chandragupta ke darbar ke 'Durabhisandhi' (court intrigues) describe kiye gaye hain. [Q5, Q144]
- Greek writer Justin ne Sandrokottos (Chandragupta Maurya) aur Alexander ki mulaqaat describe ki thi. William Jones sabse pehle scholar the jinhone 'Sandrokottos' ko Chandragupta Maurya se identify kiya. Arrian aur Plutarch ne unhe 'Androkottus' bhi bataya hai. [Q6, Q7, Q8]

2. Kautilya / Chanakya & the Arthashastra

- Kautilya (Vishnugupta/Chanakya) Chandragupta Maurya ke prime minister, advisor aur chief priest the — Mauryan dynasty ki sthapna mein unka bada yogdan tha. Sage Chanak ke bete the, bachpan mein 'Vishnugupta' naam se jaane jaate the. Researcher T. Trautmann ke mutabik, Chanakya/Kautilya unke gotra (clan) ka naam ho sakta hai. [Q9, Q10, Q11]

- Kautilya ka 'Arthashastra' polity, statecraft, economic policy aur military strategy — sab par based hai (isliye 'more than one' options sahi hote hain) — ye mukhya roop se political policies aur government ke principles par book hai, sirf economics par nahi. Isko often Machiavelli ki 'The Prince' se compare kiya jaata hai. [Q12, Q13, Q15, Q17]
- Arthashastra ke Saptang Theory of State mein 7 elements hote hain: Swami (King), Amatya (Minister), Janpada (Territory), Durg (Fort), Kosha (Treasury), Danda (Army/Force), aur Mitra (Ally) — Mitra saptang ka 7th (aakhri) part hai, jo 'state ke kaan' ki tarah hota hai. [Q14]
- Arthashastra ke Dasa-Kalpa chapter ke mutabik, koi vyakti judicial punishment ki wajah se slave ban sakta tha. Agar ek female slave apne master ke ghar ek beta janam deti thi, to wo legally azaad ho jaati thi (lekin uska beta master ke legitimate son jaisa status nahi paata tha). [Q16]

3. Bindusara's Reign

- Bindusara ke reign mein, unke bete Ashoka ne Avanti Mahajanapada ko jeet kar Mauryan empire mein merge kiya tha — is event ka zikr Buddhist scholar Buddhaghosa ki 'Samant Pasadika' mein milta hai. [Q19]
- Greek historian Strabo ke mutabik, Syrian king Antiochus I Soter ne apna ambassador Deimachus, Bindusara ke darbar mein bheja tha — unhone Megasthenes ki jagah li thi. [Q18]

4. Mauryan Palace & Pataliputra Archaeology

- Chandragupta Maurya ka Pataliputra (Patna) wala palace lakdi (wood) se bana tha — ye Bulandibagh aur Kumrahar (Patna ke pass) sites ki excavation se pata chala hai, jo D.B. Spooner ne conduct ki thi. [Q20]
- Kumrahar site mein ancient Pataliputra ke remains mile hain. Bulandibagh mein Pataliputra ki city-wall ke remains mile hain. [Q21, Q22]

5. Chandragupta's Conquests, Empire Extent & Sudarshan Lake

- Chandragupta Maurya ne Deccan plateau conquer kiya tha — South India ke Jain aur Tamil inscriptions se ye prove hota hai. Unhone Malwa, Gujarat aur Maharashtra jeetne wale pehle raja bhi the — unka empire Beas se Indus tak, Bengal-Assam (East) se Afghanistan (West) tak, Kashmir (North) se Deccan plateau (South) tak phaila hua tha. [Q23, Q24]
- Sanchi Stupa Chandragupta Maurya se directly associated NAHI hai (isse Ashoka ne banwaya tha). Susima Bindusara ka bada beta aur Chandragupta ka pota tha. Vishnugupta, Kautilya ka doosra naam tha. Junagadh Rock Inscription mein Chandragupta ke governor Pushyagupta dwara Sudarshan lake banwane ka zikr hai. [Q25]
- Junagadh Rock Inscription of Rudradaman se prove hota hai ki Western India (Gujarat/Saurashtra) Chandragupta Maurya ke empire ka hissa thi — isme unke governor Pushyagupta dwara Sudarshan lake banwane ka varnan hai. [Q26, Q27]
- Chandragupta Maurya ne 305 BC mein Seleucus Nicator (jo Sindh-Afghanistan region ke governor the, Alexander dwara appoint kiye gaye) ki invading army ko haraya tha. [Q28, Q29]

- Sudarshan Lake, Chandragupta Maurya ne apne governor Pushyagupta ke through, Saurashtra ke Girnar hills mein banwaya tha. Baad mein Ashoka, Rudradaman aur Skandagupta ne is lake ki repair/renovation ki. Chandragupta hi Girnar area mein lake banwane wale pehle ruler the. [Q30, Q137, Q138]
- Junagadh rock inscription of Mahakshatrapa Rudradaman (~150 CE) ek aisa inscription hai jisme Chandragupta Maurya AUR Ashoka — dono ke naam mile hain. Isi mein Ashoka ke governor Tushasp ka bhi zikr hai jinhone lake se canals nikali thi. [Q139]

6. Ashoka's Empire — Extent, Territories & Provinces

- Ashoka ke reign ke aakhri time tak lagbhag poora India unke kingdom ke under aa gaya tha, Assam aur extreme South ke kuch hisso ko chhodkar — ye unke rock aur pillar edicts se pata chalta hai. [Q31]
- Ashoka's empire mein Sri Lanka SHAAMIL NAHI thi — unke 2nd Major Rock Edict ke mutabik Cholas, Pandyas, Satiyaputras, Keralaputras aur Tamraparni (Sri Lanka) 'edge states/border kingdoms' the, Mauryan empire ka hissa nahi. [Q34]
- Ashokan inscriptions mein 'Satavahana' dynasty ka zikr NAHI hai — baaki South Indian border kingdoms (Chola, Pandya, Satiyaputra, Keralaputra) ka zikr milta hai. [Q89]
- Chandragupta ka empire Iran ke north-west se lekar modern North Karnataka (South) tak phaila tha (Historian Smith ke mutabik Hindukush mountains iski boundary thi). Ashoka ke inscriptions mein 5 provinces ka zikr hai: Uttarapath, Avantiratha, Kalinga, Dakshinapath aur Prachyapatha. Gold coins ko regularize karne ka credit Indo-Greek kings ko jaata hai, Mauryans ko nahi. [Q115]

7. Ashoka's Dhamma, Welfare Measures & Religious Tolerance

- Ashoka ne 'Rajdharm' ki sthapna 3 principles par ki: Longanimity (tolerance/sahansheelta), Liberty aur Compassion (karuna). Unka 'Dhamma' kisi ek community se related nahi tha, balki poori manvta ki bhalai ke liye tha. [Q32]
- Historians (jaise Jha aur Shrimali) ke mutabik, Ashoka ke Dhamma ki spirit Buddhist texts (Lakkhana Sutta, Rahulovad waghera) se li gayi hai. Unhone apne reign ke 14th saal mein Dhamma-Mahamatras appoint kiye the, jo unke social/moral code ko promote karte the. [Q33]
- Ashoka ne India mein pehla hospital aur herbal gardens banwaye — insaan aur janwar dono ke liye medicinal herbs ke garden, kuen khudwaye, ped lagwaye, aur aborigines/subject races ki dekhbhal ke liye ek ministry bhi banayi. [Q36]
- Buddhist hone ke bawajood, Ashoka ne Hindu dharma mein apni astha nahi chhodi thi — unhe unke inscriptions mein 'Devanampriya' (Gods ke pyare, ya khoobsurat) kaha gaya hai, jo unki continued Hindu belief dikhata hai. Ashoka ka coronation 269 BC mein hua tha. [Q37]
- 12th Major Rock Edict mein Ashoka ne religious tolerance/harmony ki baat ki — sabhi religious sects ke saath sahishnuta (longanimity) aur unki growth ki baat ki gayi hai. - Officer match: Talar → Night guards ka officer; Pattakola → Village tax collector; Sahasradhipati → Dacoity cases ke officer; Baladhip → Octroi ka guard. [Q124]
- Arthashastra ke mutabik Mauryan judicial system mein 2 tarah ki courts thi: 'Dharmasthiya' (modern civil courts jaisi) aur 'Kantakshodhana' (modern criminal courts jaisi). [Q126]
- Mauryan emperors ne religion ke basis par kabhi land-grants nahi diye the (sahi Assertion) — lekin peasants ne land-grants ke against revolt kiya, aisa koi historical evidence nahi milta (galat Reason). [Q97]

- Village administration, autonomous elected panchayats ke through, Dravids (South India ke Cholas) ne evolve kiya tha — ye local self-government ke liye famous system tha. [Q128]
- Mauryan era mein cities ki administration 'Nagrak' ya 'Purmukhya' ke through hoti thi. Megasthenes ke mutabik 6 committees the (5-5 members ki), jisme se 3rd committee birth-death registration dekhti thi — ye kaam aaj bhi municipal administration hi karti hai. [Q113]

10. Mauryan Art & Architecture

- Sarnath Pillar Ashoka ne banwaya tha — iske upar 4 sheron ka symbol hai (power ka pratik), jo India ka National Emblem bhi hai. Ye Chunar sandstone se bane hain — Mauryan architecture ka best example. [Q45]

- Ashoka ke zyadatar inscriptions Prakrit language aur Brahmi script mein hain. Sirf Shahbazgarhi aur Mansehra (Peshawar ke pass, ab Pakistan mein) ke inscriptions Kharosthi script mein hain — Taxila se ek Aramaic script wala inscription bhi mila hai, aur Shar-i-Kuna (Kandhar) inscription Greek-Aramaic bilingual hai. [Q54, Q55, Q56, Q57, Q64]
- Brahmi script sabse pehle stone tablets (rock edicts) par likhe letters se decipher hui thi — Sir James Prinsep ne 1837 mein ye kaam kiya tha, wo is field ke pehle British scholar the. [Q58, Q59, Q60, Q61, Q62, Q63]
- Pre-Ashokan Brahmi script Anuradhapura (Sri Lanka) mein mili hai. India mein Piprahwa, Sohgauna aur Mahasthan se bhi is tarah ki script ke evidence mile hain. [Q65]
- Kharosthi script ancient India mein right-to-left likhi jaati thi — ye mainly north-west India ki script thi. Iski study James Prinsep (1835) aur Friedrich Grotefend ne shuru ki thi. [Q66, Q67]

- Assertion-Reason: Ashoka ne Kalinga ko Mauryan Empire mein annex kiya (sahi) — kyunki Kalinga log Indian Ocean par control rakhte the aur East ki taraf Magadhan merchants ke liye sea routes restrict karte the, saath hi Gangetic valley se Deccan tak ke land routes bhi control karte the (sahi Reason, jo Assertion ko explain karta hai). [Q96]

18. Megasthenes' 'Indica' — Society, Economy & City Administration

- Megasthenes ki book 'Indica' Chandragupta Maurya ke darbar ke observations par based hai. Unhone Indian society ko 7 categories mein baata: Philosophers, Farmers, Herdsmen, Artisans, Military (Soldiers), Overseers, aur Councillors. 20. Administrative Tiers, Social Norms & Foreign Travellers

- ⚠ Disputed: Kautilya ke mutabik Mauryan rural administrative tier ka sahi ascending order hai: Samgrahana → Karvatika → Dronamukh → Sthaniya (Sthaniya sabse top par tha, 800 villages ka; Dronamukh 400 villages ka; Karvatika 200 villages ka). Diye gaye options mein se koi bhi ye sahi order match nahi karta. [Q114]
