8. Reasons for the Success of Turkish Invasions

1. The Prophet & the Origin of the Word 'Hindu'

- Hazrat Muhammad (Islam ke Prophet) ka janm ~570 AD mein, Saudi Arabia ke Mecca sheher mein hua tha — unki mrityu 632 AD mein hui. Mecca, Saudi Arabia ke Hejazi region mein hai. [Q1, Q2]
- 'Hindu' word (Hind/India ke logo ke liye) sabse pehle Arabians ne use kiya tha — zyadatar scholars maante hain ki ye naam invaders ne Indus river ka sahi uchcharan na kar paane ki wajah se pada. Rigveda mein Bharat ko 'Sapta Sindhu' kaha gaya hai, Iranians ne ise 'Hindustan' aur Greeks ne 'India' kaha. [Q3]

2. The First Arab Invasion — Muhammad-Bin-Qasim & the Chachnama

- ⚠ Disputed: India par pehla successful Muslim invasion ki exact date par dispute hai — Muhammad-Bin-Qasim 712 AD mein Sindh ke coast par pahunche the aur Raja Dahir ko haraakar maar diya. V.D. Mahajan ke mutabik ye date 711 AD hai, lekin Harish Chandra jaise doosre historians alag date maante hain. [Q4, Q5]
- Muhammad-Bin-Qasim India ke pehle successful Muslim invader the — 8th century ki shuruat mein unhone Sindh ke ek hisse par successfully attack kiya. Arab empire Sindh-Multan se aage East ki taraf phail nahi payi, aur dheere-dheere decline ho gayi. [Q6, Q7]
- Muhammad-Bin-Qasim ek Arab the — unka janm ~695 AD mein hua. Wo Iraq ke King Al-Hajjaj ke bhatije aur damad the — 17 saal ki age mein Caliph-al-Walid ne unhe Sindh (India) par army lead karne bheja. [Q8]
- 'Chachnama' (Raja Chach ki story) ke mutabik, Arod hi 6th-7th century AD mein Indus country ki capital thi — Chach ke bete Dahir ne Muhammad Bin Qasim ke invasion ke against Sindh ki raksha ki thi. [Q9]
- 'Chachnama' originally Arabic mein likhi gayi thi (author clearly pata nahi) — iska Persian translation Muhammad Ali Bin Abu Bakr Kufi ne kiya. Ye Sindh ki history (680-718 AD) describe karti hai — English translation 1900 AD mein Mirza Kalich Beg ne ki. [Q10]

3. Mahmud of Ghazni — Ghaznavid Origins & Invasions

- Ghaznavid dynasty ke founder Alptigin the — ek Turkish slave (Samanid governor), jinhone apna independent kingdom banaya, Ghazni ko capital banakar. [Q11]
- Assertion-Reason: Mahmud Ghazni ne India par 17 baar invasion kiya (sahi Assertion, 1000-1027 AD ke beech) — lekin unka maksad koi permanent Muslim rule establish karna NAHI tha (galat Reason), balki wo ek ruthless plunderer the jo India ki wealth loot karne aate the. [Q12]
- Chandela dynasty famous hai King Vidyadhar ke liye — unhone 1019-20 AD mein Mahmud Ghaznavi ke attacks ko successfully rok diya tha. Chandelas ne 9th-13th century tak Central India par raj kiya — unki pehli capital Khajuraho thi, baad mein Mahoba shift hui. [Q13, Q14]
- Mahmud Ghazni ne bilingual silver coins issue kiye the — ek taraf Arabic aur doosri taraf Sanskrit inscriptions, local logo ke saath trade badhane ke liye. [Q25]
- Muslim invaders ka chronological order: Mahmud Ghaznavi (1000-1027 AD, 17 baar attack) → Muhammad Ghori (pehla attack 1175 AD, 1205 AD tak empire badhaya) → Genghis Khan (1221 AD, Ilutush ke reign mein, Jalaluddin Mingburni ka peeche karte hue India tak aaye) → Taimur (1398 AD, Tughlaq dynasty ke time Delhi ko loot-tabaah kiya). [Q32]

4. Mahmud's Court — Firdausi, Al-Biruni & Utbi

- Mahmud of Ghazni (17 baar India par raid karne wale plunderer) ne apne Afghanistan kingdom mein art-culture ko bahut patronize kiya — unke court ke 3 prominent vyakti the: Firdausi (Persian poet, 'Homer of the East', unhone 'Shahnama' likhi), Al-Biruni (Central Asia ke brilliant scholar, unhone 'Tahqiq-i-Hind' likhi), aur Utbi (court historian, unhone Kitab-ul-Yamni aur Tarikh-i-Yamini likhi). [Q15, Q17]
- ⚠ Disputed: 'Shahnama' ke author Firdausi hain, Firishta NAHI — Firishta ne ek alag authentic book 'Tareekh-i Firishta' likhi thi (unka poora naam Muhammad Qasim Hindushah Astarabadi Firishta tha, wo Murtza Nizam Shah ke court mein rahe). [Q16]
- Al-Biruni Puranas padhne wale pehle Muslim the — wo sirf historian hi nahi the, balki Astronomy, Geography, Medicine, Mathematics, Reasoning, Religion aur Theology mein bhi deeply interested the. Unhone Sanskrit seekhi aur Indian religious culture ka gehra adhyayan kiya. [Q18]
- 11th century AD mein, Al-Biruni ('father of Indian Historical writing') Mahmud of Ghazni ke saath India aaye the aur kai saal yahan rahe — unhone Patanjali ka Yoga-Sutra Arabic mein translate kiya ('Kitab Patanjali'), aur unki most important work 'Tahqiq-i-Hind' (Reality of Hindustan) thi, jisme India ki socio-cultural condition ka description hai. [Q19, Q20, Q21]
- ⚠ Trap: Al-Biruni ko ek 'secular author' nahi kaha ja sakta — unhone 1025/1026 mein Mahmud Ghazni ke Somnath temple raid par kabhi sympathetic reference nahi diya. Baaki statements sahi hain: unki writings Indian culture se influenced thi, unhone Sanskrit seekhi, aur wo trigonometry samet mathematics ke expert the. [Q22]

5. The Somnath Temple

- Mahmud Ghazni ke 1025/26 AD ke attack (Somnath Temple par) ke baad, Bhimadeva-I (Chaulukya/Solanki dynasty ke raja) ne temple ko reconstruct karwaya. [Q23]
- Somnath Temple Gujarat mein, Arabian Sea ke kinare situated hai — ye 12 Jyotirlingas mein se ek hai. Al-Biruni ne apni travelogue mein is temple ka description diya hai, uski wealth aur importance highlight

karte hue. India ke pehle President Dr. Rajendra Prasad (S. Radhakrishnan NAHI) 1951 mein present-day temple ki Pran Pratishtha ke waqt maujood the. [Q24]

6. Muhammad Ghori's Conquests

- Shihabuddin Muhammad Ghori (Central Asia ke Ghurid dynasty ruler) ne 1192 AD mein North India conquer kiya — unka pehla attack 1175 AD mein Multan par hua tha, phir 1175-76 mein Multan-Uch, aur 1178 mein Gujarat par. 1191 AD mein Prithviraj Chauhan se pehli ladai (Tarain) mein haare, lekin 1192 mein doosri ladai (Tarain) mein Prithviraj ko haraya. [Q26]
- Muhammad Ghori ki India mein pehli badi haar Gujarat ke Hindu ruler Mularaja-II (Bhimadev-II) ke haath 1178 AD mein 'Battle of Kasahrada' mein hui thi — Mularaja-II ek chhota bachcha tha, unki maa Naika Devi hi actual regent thi jinhone army lead karke Ghori ko decisively haraya, isliye Ghori ne dobara Gujarat par attack ki koshish nahi ki. [Q27]
- Muhammad Ghori ne Kannauj ke Gahadavala king Jayachandra (Jaichand) ko 1194 AD mein 'Battle of Chandawar' mein haraya — ye ladai Chandawar (aaj ke Firozabad dist., UP) mein, Yamuna river ke kinare, Agra ke pass ladi gayi thi. [Q28, Q29, Q30]
- 'Second Battle of Tarain' (1192 AD) ne India mein Muslim domination ki foundation rakhi — Muhammad Ghori ne Prithviraj Chauhan ki Rajput army ko haraya. Is battle ke baad Muslim power North India mein strongly enrooted ho gayi — ise Indian history ka ek turning point maana jaata hai. [Q31]
- Muhammad Ghori ke coins par ek taraf Devi Lakshmi ki image hoti thi, doosri taraf Arabic mein Kalma likha hota tha — inhe 'Lakshmi type' coins kehte hain, jo naye-conquer kiye gaye Hindu territories mein continuity aur wide acceptance ke liye issue kiye gaye the. [Q33]

7. Establishment of Turkish Rule — Iqta System & the Conquest of Bengal-Bihar

- Muhammad Ghori ki jeeto ke turant baad, North India mein 'Iqta system' establish hui — 1192 AD mein unhone apne trusted slave Qutb-ud-din-Aybak ko apni Indian territories ka pehla Iqtadar (in-charge) banaya. Aybak ne doosri Tarain ladai mein important role play kiya tha, isliye khush hokar Ghori ne unhe Kuhram aur Samana ka administrator banaya. [Q34]
- Muhammad Ghori aur Aybak ne shuru mein Bihar-Bengal conquer karne ka plan nahi banaya tha — ye kaam unke military general/slave Bakhtiyar Khalji (Ikhtiyar Uddin Muhammad-Bin-Bakhtiyar) ne kiya. 1193-1203 AD ke beech unhone Bihar conquer kiya aur Vikramshila-Nalanda jaisi universities destroy ki, capital Odantpur capture ki. Phir 1198-1203 mein Bengal attack kiya — raja Lakshman Sen bina lade bhaag gaya, aur Turkish army ne capital Nadiya mein bahut loot machayi. [Q35]
- Bakhtiyar Khalji Bihar ke pehle Muslim conqueror the (~1193 AD) — unhe Bihar mein Turk rule ka 'real founder' bhi maana jaata hai. [Q36, Q37]
- Ancient education centre 'Nalanda Vihar' ko Bakhtiyar Khalji ne brutally destroy aur jala diya tha. [Q38]

8. Reasons for the Success of Turkish Invasions

- Assertion-Reason: Turkish invasions India mein successful rahi (sahi Assertion) — iski sabse badi wajah thi India mein constant warfare aur political unity ki kami (sahi Reason bhi, jo Assertion ko explain karta hai). Us waqt India (North aur West mein) chhote-chhote conflicting kingdoms mein bata hua tha, jisse Turks ke liye conquer karna aasan ho gaya. [Q39, Q40]
