1. Later Mughal Emperors — Succession & Chronology

- Aurangzeb ki 1707 AD mein mrityu ke baad, unke 63-saal ke bete Muazzam (Shah Alam) ne 'Bahadur Shah-I' naam se gaddi sambhali — unhone 1707-1712 AD tak raj kiya. [Q1]
- Jahandar Shah pehle Mughal emperor the jo governance ke liye unfit saabit hue — powerful Amir Zulfiqar Khan ki madad se gaddi par baithe. Unhe unke bhatije Farrukh Siyar ne (Sayyid brothers ki madad se) haraakar Feb 1713 mein maar diya — log unhe 'Lewd Moron' kehte the. [Q2]
- Later Mughal rulers ka chronological order: Jahandar Shah (1712-13 AD) → Muhammad Shah (1719-1748 AD) → Ahmad Shah (1748-54 AD) → Alamgir-II (1754-1759 AD). [Q10]
- Mughal emperors ka chronological order: Bahadur Shah-I (1707-1712 AD) → Jahandar Shah (1712-1713 AD) → Farrukhsiyar (1713-1719 AD) → Muhammad Shah 'Rangeela' (1719-1748 AD). [Q11]

2. Farrukh Siyar & the Sayyid Brothers

- Farrukh Siyar ne 1717 AD mein ek Farman (decree) issue ki, jisme Britishers ko Bengal mein duty-free trading facilities di gayi — East India Company sirf 3000 rupees ka annual tax dekar bina duty ke trade kar sakti thi. Is Farman ko 'Magna Carta' bhi kaha jaata hai (East India Company ke liye). [Q3]
- Sayyid brothers — Hussain Ali aur Abdullah Khan — later Mughal period ke 'King Makers' kehlaate the — wo 1713 se 1720 AD tak sabse powerful nobles the (Hindustani group ke leaders). Unhone 1713 mein Farrukh Siyar ko raja banaya, aur 1719 mein unhe dethrone kar diya. [Q4]

3. Muhammad Shah 'Rangeela'

- Muhammad Shah (1719-1748 AD), Mayur Singhasan (Peacock Throne) par baithne wale aakhri Mughal emperor the — unke reign mein 1739 AD mein Nadir Shah ne India par attack karke Battle of Karnal mein Mughals ko haraya, aur famous Peacock Throne, Kohinoor diamond samet le gaye. [Q5, Q6]
- Nadir Shah ne 1739 AD mein India par invasion kiya — Battle of Karnal aur Delhi ki loot mein khatam hua, jisme sheher ko bahut nuksaan hua, loot hui, aur bahut se logo ki jaan gayi. [Q7]
- Muhammad Shah (1719-48 AD) apna zyadatar samay animal fights dekhne aur wine-beauty mein busy rehte the, administration mein unhe koi interest nahi tha — isi lifestyle ki wajah se unhe 'Rangeela' kaha

jaata tha. Unke administration mein disinterest ki wajah se eunuchs aur ladies ka ek group Mughal darbar mein dominate karta tha. [Q8, Q9]

4. Shah Alam-II & the Last Mughal Emperor

- Shah Alam-II (asli naam Ali Gauhar, 1759-1806 AD tenure) royal court ki conspiracies ka shikaar hue — powerful Wazir Ghaziuddin (Imad-ul-Mulk) ne unhe Delhi mein entry nahi karne di, isliye unhe bahar bhatakna pada. [Q12]
- Aakhri Mughal Emperor Bahadur Shah Zafar (Bahadur Shah-II, 1837-57 AD) the — unke pita ka naam Akbar Shah-II (Akbar-II) tha. Wo British ke pensioner the, aur Red Fort, Delhi ke royal court ke head the — 1857 ki Revolt tak. [Q13]
- India ke aakhri Mughal Emperor Bahadur Shah Zafar the — unki mrityu 1862 AD mein Rangoon (Burma) mein exile mein hui. [Q14]
- ⚠ Trap: Bahadur Shah Zafar ko East India Company se exactly 1 lakh rupees per month pension milti thi (1 lakh se KAM NAHI), plus 15 lakh rupees rental expenses ke liye. Baaki statements sahi hain: unki power Red Fort tak simit thi (empire without empire), Zauq-Ghalib unke poetry teachers the, aur Hasan Askari unke guide the. [Q15]
- ⚠ Disputed: Famous sarcastic proverb 'Lord of the world ka rajya Delhi se Palam tak phaila hai' originally Tughlaq ruler Nasiruddin Mahmud ke liye kaha gaya tha, Bahadur Shah Zafar ke liye NAHI — isliye ye quote Zafar par apply karna historically galat hai, aur BPSC ne is question ko invalidate/remove kar diya tha. [Q16]

5. The Independent State of Awadh

- Awadh (Oudh) ke pehle Nawab Saadat Khan (Burhan-ul-Mulk) the — 1722 AD mein Mughal Emperor Muhammad Shah ne unhe Oudh ka Subedar (governor) niyukt kiya, aur unhone dheere-dheere ek largely independent hereditary dynasty establish ki. [Q17]
- Awadh ka independent state Muhammad Shah ke reign mein, Saadat Khan ne banaya (statement 1 sahi). Saadat Khan ne powerful 'kingmakers' Sayyid brothers ko overthrow karne ki conspiracy mein Muhammad Shah ka support kiya — unki loyalty se khush hokar emperor ne unhe reward diya (statement 2 sahi). [Q18]

6. The Independent Kingdom of Hyderabad

- Chin Qilich Khan (Nizam-ul-Mulk, Asaf Jah-I) ne 1724 AD mein independent Hyderabad kingdom ki sthapna ki — unhone Battle of Shakar Kheda (1724 AD) mein Mughal governor Mubariz Khan ko haraakar-maar kar Deccan ke real master ban gaye. [Q19]
- ⚠ Disputed: Statement check — 'Kilich Khan, Mubariz Khan ke naam se bhi jaane jaate the' — YE GALAT hai (Qilich Khan, Nizam-ul-Mulk ki title thi, Mubariz Khan unke rival governor the jinhe unhone haraya). 'Nizam-ul-Mulk ne Mubariz Khan ko haraya' — YE SAHI hai (Battle of Shakar Kheda, 1724 AD). 'Asaf-Jah' title Julfikar Khan ne di — YE GALAT hai (ye title Mughal Emperor Muhammad Shah ne di thi). [Q20]

7. Rise of Regional Powers — Carnatic, Mysore & Rohilkhand

- Statement check: 'Nizamat of Arcot' (Carnatic ke Nawabs) Mughal Emperor Aurangzeb ne establish ki thi (Nizam of Hyderabad ki legal dependency thi) — galat statement diya gaya tha. Mysore kingdom, declining Vijayanagara Empire ke ek vassal (Wodeyar dynasty) ke roop mein shuru hokar ek powerful state ban gaya (sahi statement). Rohilkhand Kingdom, Ali Muhammad Khan ne, Nadir Shah ke invasion (1739 AD) ke baad Mughal authority ke collapse ka fayda uthakar banayi (galat statement diya gaya tha). [Q21]

8. Jai Singh-II & the Jantar Mantar Observatories

- Amber ke Kachhwaha dynasty ke Rajput king, Sawai Jai Singh-II, ko astronomy-mathematics mein bahut interest tha — unhone Delhi mein famous 'Jantar Mantar' astronomical observatory banwaya. Iske alawa unhone Jaipur, Ujjain, Mathura aur Varanasi mein bhi observatories banwaye. [Q22, Q23]
- 'Zij-i-Muhammad Shahi' (1773 mein banaya, astronomy ka gyan, reigning Mughal Emperor Muhammad Shah ko dedicate) Sawai Jai Singh (Jai Singh-II, Amber/Jaipur) ne likhi — unhone Jaipur city basaayi aur ise science-art ka centre banaya. [Q24]
- Maharaja Sawai Jai Singh-II ne 5 jagaho par observatories banwaye: Delhi, Jaipur, Ujjain, Mathura aur Varanasi — Allahabad (Prayagraj) mein UNHONE observatory NAHI banwayi. [Q25]
