

DELHI SULTANATE — ART & ARCHITECTURE — FULL MIND MAP

Topic-wise · Fully Explained · Hinglish · SSC / BPSC / BSSC / Railway

Topics in this chapter:

1. Paper & the Alai Darwaza
2. Qutub Minar — Construction Contributors
3. Tombs & the First True Arch
4. Chronology of Delhi's Monuments
5. Sultanate-Era Buildings — Important Match Lists
6. Rana Kumbha & the Kirti Stambha

1. Paper & the Alai Darwaza

- Paper China mein sabse pehle discover hui thi — India mein iska use 12th century CE mein shuru hua. India mein paper ka sabse purana evidence Kolkata ke Ashutosh Museum mein preserved hai — 1105 CE ka 'Panchraksha' naam ka paper. [Q1]
- 'Alai Darwaza' Alauddin Khalji ne 1311 AD mein banwaya tha — iska ek gumbad wala entrance hai, red sandstone se bana aur white marble se sajaya gaya, India ki proper Indo-Islamic style ki pehli buildings mein se ek. [Q2]
- 'Horse-Shoe arch' (ghode ki naal jaisa arch) India mein sabse pehle Alai Darwaza mein introduce hua tha — Alauddin Khalji ne ise Quwwat-ul-Islam Mosque complex ke southern gateway ki tarah banwaya. [Q3]

2. Qutub Minar — Construction Contributors

- Qutubuddin Aybak ne Qutub Minar ka construction shuru kiya (sirf basement complete kiya). Iltutmish ne ise complete kiya (3 storeys add kiye). Baad mein Firuz Shah Tughluq ne damaged 4th floor restore kiya aur 5th floor add kiya. ⚠️ Alauddin Khalji ne Qutub Minar banane mein KOI योगदान NAHI diya (unhone iske pass ek alag, adhoora 'Alai Minar' zaroor shuru kiya tha). [Q4]
- Qutub Minar ki 5th aur final storey Firuz Shah Tughluq ne banayi thi, jab pehle wali storey lightning se damage ho gayi thi. [Q5]
- Statement check: Qutub Minar (13th century mein bana) ki actual height 238 feet (72.5m) hai, 180 feet NAHI (galat statement). Chand Minar (Daulatabad, Maharashtra) ko Ala-ud-din Bahmani ne 15th century (1445 AD) mein banwaya — ye 210-feet ooncha, 4 storeys mein bata hua tapering tower hai (sahi statement). [Q6]

3. Tombs & the First True Arch

- India ki pehli 'Indo-Islamic style' mein banayi gayi tomb 'Balban ka Maqbara' (Tomb of Ghiyasuddin Balban, Mehrauli, Delhi) thi — 1287 AD mein rubble masonry se bani, isme India ki pehli true arch bhi dikhti hai. (Note: Iltutmish ka 'Sultan Garhi' technically India ki pehli Islamic tomb hai, lekin Balban ki tomb 'pure' Islamic arch style mein pehli hai.) [Q7]

- Sultanate period ke memorials mein pehli 'true arch' (sacchi mehraab) Balban ki Tomb (Mehrauli) mein dikhi thi — India mein true arches ka ye pehla appearance historically significant hai. [Q8]

4. Chronology of Delhi's Monuments

- Monuments ka sahi chronological order: Qutub Minar (Qutbuddin Aybak-Iltutmish, early 13th century) → Tughluqabad Fort (Ghiyasuddin Tughluq, 1321-1325 AD) → Lodi Garden (Lodi dynasty, 15th-early 16th century) → Fatehpur Sikri (Mughal Emperor Akbar, late 16th century, 1571 se). [Q9]

5. Sultanate-Era Buildings — Important Match Lists

- ⚠ Disputed: Match — Sultan Garhi (Iltutmish, apne bete Nasiruddin Mahmud ke liye 1231 mein bana), Red Palace/Lal Mahal (Balban), Dhair Din Ka Jhopra (Qutbuddin Aybak). Jamat Khana Masjid actually Khizr Khan (Alauddin Khalji ke bete) ne banayi thi, lekin exam keys mein isse aksar Alauddin Khalji ke saath match kiya jaata hai — isliye ye question disputed hai. [Q10]
- Building-Builder ka sahi match: Lal Mahal → Balban; Jahaz Mahal → Ghiyas-ud-din Khalji; Lal Darwaza Mosque (Jaunpur) → Bibi Raje. ⚠ Trap: 'Hindola Mahal' (Mandu) Ghiyas-ud-din Khalji ne banaya tha, Hoshang Shah ne NAHI — ye galat match hai. [Q11]
- ⚠ Trap: Delhi ki famous 'Quwwat-ul-Islam' mosque Ajmer mein NAHI hai (Delhi mein hai) — Ajmer mein 'Adhai Din Ka Jhonpra' hai. Baaki sahi hain: Jaunpur → Atala Masjid; Malwa (Mandu) → Jahaz Mahal; Gulberga (Kalaburagi) → Jama Masjid. [Q14]
- Architectural Style-Dynasty match: 'Lotus bud' fringe (arch ke neeche ki taraf) → Khaljis (Alai Darwaza mein dikhta hai); Octagonal tomb ka emergence → Tughluqs (jaise Khan-i-Jahan Tilangani ki Tomb); Pillar mein 'Bodegoi' bracket ka use → Vijayanagara; Massive entrance gate with inclined walls (Pylon) → Sharqis (Jaunpur, jaise Atala Mosque). [Q15]

6. Rana Kumbha & the Kirti Stambha

- Chittor ka 'Kirti Stambha' (Tower of Fame) Rana Kumbha ne banwaya tha, Malwa ke Mahmud Khalji par apni jeet ki yaad mein — architect Jaita ne iski structure design ki, jabki iski Prashasti (eulogy/tareef) Atri Kavi aur unke bete Mahesh ne compose ki. [Q12]
- 'Kirti Stambha' (Vijay Stambha bhi kehte hain, Kumbha ki jeet ke context mein) Chittor mein Rana Kumbha ke reign mein banaya gaya tha — ye unki achievements ka ek unique monument hai. [Q13]
