

BIOLOGY CH.1 — SCIENTIFIC NAMES — FULL MIND MAP

Topic-wise · Fully Explained · Hinglish · SSC / BPSC / BSSC / Railway

Topics in this chapter:

1. Plant Botanical Names — Banyan, Peepal & Palash
2. Common Crop & Fruit Botanical Names
3. Carl Linnaeus — 'Father of Modern Taxonomy'
4. Animal Scientific Names — The Frog
5. Generic Family Names — Feline, Caprine, Canine & Bovine
6. India's National Symbols — Scientific Names
7. Ascaris — The Roundworm

1. Plant Botanical Names — Banyan, Peepal & Palash

- Banyan tree (Bargad) ka botanical name 'Ficus benghalensis' hai — Moraceae family aur Rosales order ke under aata hai. ⚠️ Peepal ka naam 'Ficus religiosa' hai, ye alag species hai (dono Moraceae family mein hain, isliye confuse na karein). [Q1]
- 'Butea monosperma' Palash (Flame of the Forest) ka botanical name hai, jo Indian subcontinent ka native plant hai. Peepal ka naam Ficus Religiosa, Neem ka Azadirachta indica, aur Shirish ka Albizia lebbeck hai — Botanical naming system Carolus Linnaeus ne shuru ki thi. [Q5]

2. Common Crop & Fruit Botanical Names

- Common Wheat (Gehun) ka botanical name 'Triticum Aestivum' hai. ⚠️ Trap: Brassica Campestris (Sarson/Field Mustard), Hibiscus Rosa Sinensis (China Rose/Gudhal) aur Zea Mays (Makka) — inhe confuse na karein. Doosre important names: Curcuma longa (Haldi), Solanum tuberosum (Aloo), Mangifera indica (Aam), Citrus limon (Nimbu), Gossypium herbaceum (Kapas), Musa paradisiaca (Kela), Malus domestica (Seb), Pisum sativum (Matar), Syzygium aromaticum (Laung), Allium sativum (Lahsun), Zingiber officinale (Adrak), Punica granatum (Anaar), Phyllanthus Emblica (Amla). [Q2]

3. Carl Linnaeus — 'Father of Modern Taxonomy'

- Carl Linnaeus (Father of Modern Taxonomy) ne 'Homo sapiens' term diya, aur Binomial Nomenclature system introduce ki. ⚠️ Trap: Charles Darwin 'Theory of Evolution' (natural selection) ke architect the, G.J. Mendel (Father of Genetics) ne inheritance ke 3 principles diye, aur Stanley Miller (American chemist) ne origin of life par landmark experiments kiye — inhe Linnaeus se confuse na karein. [Q3]

4. Animal Scientific Names — The Frog

- 'Rana Tigrina' Frog (mendhak) ka scientific name hai. Doosre common animals: Leopard (Panthera pardus), Tiger (Panthera Tigris), Wolf (Canis Lupus), Ant (Formicidae), Cockroach (Blattodea), Cow (Bos taurus), Housefly (Musca domestica), Parrot (Psittaciformes). [Q4]

5. Generic Family Names — Feline, Caprine, Canine & Bovine

- 'Feline' cat family (Felidae) ke members ka generic naam hai — Cat, Caracal, Lion, Serval, Leopard, Tiger, Lynxes, Jaguar, Cheetah, Panthera, Cougar shaamil. ⚠️ Trap: 'Caprine' sheep-goat family (Ovis, Chamois, Nilgiri tahr), 'Canine' dog family (German Shepherd, Labrador, Husky), aur 'Bovine' cow family (Cattle, Bison, Yak, Buffalo) hai — inhe confuse na karein. [Q6]

6. India's National Symbols — Scientific Names

- Indian Peacock (National Bird) ka scientific name 'Pavo Cristatus' hai. Doosre National Symbols: National Flower (Lotus) → Nelumbo nucifera; National Tree (Indian Banyan) → Ficus benghalensis; National Fruit (Mango) → Mangifera indica; National Aquatic Animal (Ganges River Dolphin) → Platanista gangetica; National Animal (Royal Bengal Tiger) → Panthera Tigris. [Q7]

7. Ascaris — The Roundworm

- 'Roundworm' Ascaris ka common naam hai — scientifically 'Ascaris lumbricoides' kehte hain, ek large parasitic roundworm jo human small intestine ko infect karta hai. ⚠️ Trap: 'Pinworm' (Enterobius vermicularis) ek alag, chhota worm hai jo human colon-rectum mein rehta hai — Ascaris se confuse na karein. [Q8]
