

BIODIVERSITY UNITED NATIONS AND OTHER INTERNATIONAL ORGANIZATIONS - FULL MIND MAP

Topic-wise | Hinglish | SSC / BPSC / BSSC / Railway

Topics in this chapter:

1. Cartagena Protocol - Implementing Ministry
2. CBD COP-10 - Nagoya
3. UN-REDD+ Programme
4. TEEB Initiative
5. Wetlands International

1. Cartagena Protocol - Implementing Ministry

- Ministry of Environment, Forest and Climate Change - India mein environment, forest aur climate change Ministry biodiversity Convention aur bio-protection par kartajena Protocol ke liye national nodal Ministry hai. kartajena Protocol adhunik bio-technology se bane living convert organisms ke surakshit sanchalan, parivahan aur use se related hai. [Q1]

2. CBD COP-10 - Nagoya

- pakshakaron ka conference ki dasavin baithak (COP 10) 18 se 29 oktobar, 2010 tak nagoya, japan mein organized hui. nagoya biodiversity shikhar conference ka samapan historic nirnayon ko apanane ke saath hua, jo rashtron ke community ko climate change se aur jatil bani biodiversity ki lagatar damage ki abhutipurv chunautiyon ka samana karne ki anumati dete. [Q2]

3. UN-REDD+ Programme

- 1, 2 and 3 - REDD+ forests ki cutting aur forest erosion ko kam karne ke saath-saath conservation, sustainable forest management aur forest-carbon bhandar badhane wale upayon ko bhi sammilit karta hai. uchit roop se taiyar REDD+ program forest avason aur biodiversity ke conservation mein help kar sakta hai. behatar conservation aur sustainable management ke medium se yeh forest ecosystems ki lachilapan capacity badha sakta hai. uchit protection upayon aur labh-sajhedari ke saath yeh forest-ashrit communities ki ajivika ka samarthan kar garibi mein kami mein bhi contribution de sakta hai. [Q3]

4. TEEB Initiative

- The Economics of Ecosystems and Biodiversity (TEEB) ek global initiative hai, jo nature ke values ko decision-making mein clear roop se samane lane par kendrit hai. iska main purpose sabhi levels ke decision-making mein biodiversity aur ecosystem services ke values ko mainstream mein lana hai. yeh ek sanrachit mulyankan-paddhati apanati hai, jisse nirnayakarta ecosystems aur biodiversity se milane wale labhon ko pahachan saken, unke value pradarshit kar saken aur jahan upayukt ho wahan unhe decision-making mein shamil kar saken. is initiative ki shuruat Germany aur yuropiy union ke cooperation se 2007 mein hui thi aur praranbhik study ka netritv pavan sukhadev ne kiya. [Q4]

5. Wetlands International

- wetlands international ek global organization hai jo logon aur biodiversity ke liye wetlands aur unke resources ko banaye rakhne aur punarsthapit karne ka work karta hai. yeh world bhar ki sarakaron aur NGO sadasyata se samarthit ek svatantr, non-labdhakari global organization hai. iska pradhan karyalay nidaraland mein hai. wetlands international world bhar mein anek vishayagat areas mein work karta hai. widespread shodh aur kshetriy pariyojanaon ke basis par yeh wetlands aur climate change aur wetlands aur jalpakshi pravas ka agrani scientific visheshajny hai. [Q5]
