

DEFORESTATION AND ITS IMPACTS - FULL MIND MAP

Topic-wise | Hinglish | SSC / BPSC / BSSC / Railway

Topics in this chapter:

1. Impacts of Deforestation
2. Shifting Cultivation & Barren Hills
3. Forest Cover, Population & Demographic Pressure
4. Major Causes of Forest Loss
5. Plantation-Specialized Region / City

1. Impacts of Deforestation

- Galat kathan: Urbanization; nagarikaran forests ki cutting ka effect nahi hai, balki yeh forests ki cutting ke karanon mein se ek hai. badhti population ki avashyakataon ki purti ke liye avasiy areas ka expansion forests aur biodiversity ko prabhavit karta hai. [Q1]

2. Shifting Cultivation & Barren Hills

- Shifting cultivation - nagalaind ke parvat mainly sthanantaran agriculture ke reason teji se banjar hote ja rahe hain. [Q2]

3. Forest Cover, Population & Demographic Pressure

- badhti population ka meaning hai food ki badhti demand aur uske anurup forests ko agriculture land mein badalane ki avashyakata. population increase, ghanatv, vitaran, pravasan aur nagarikaran sahit janankikiy factor forests ki cutting ke important prerak hain. isliye (A) aur (R) dono saty hain aur (R), (A) ki vyakhya karta hai. [Q3]

4. Major Causes of Forest Loss

- Agricultural Development - forest damage ke anek reason hain, jinmein avasanrachana, bandh, khaman, industrial expansion aur agriculture shamil hain. FAO ke abhi global akalanon mein agriculture-expansion forests ki cutting ka main direct reason hai; phasal-land ka expansion aur animal-charai milakar global forests ki cutting ke bahut bade hisse ke liye responsible hain. [Q4]
- forest fires - grishm ritu ag ke phailav ke liye friendly hoti hai. vanagni ki ghatanaon ke liye kai reason responsible hain. [Q5]
