

INDIAN EFFORTS RELATED TO CONSERVATION OF FOREST RESOURCES - FULL MIND MAP

Topic-wise | Hinglish | SSC / BPSC / BSSC / Railway

Topics in this chapter:

1. State Forest & Plantation Schemes
2. Wildlife Protection Act & Environmental Law Timeline
3. New Forest Inventory Design
4. Wildlife Protection Schedules & Community Reserves
5. Forest Conservation & Environment Protection Acts
6. Forest Research & Management Institutions
7. Bamboo, Indian Forest Act & Forest Rights
8. India in World Wildlife
9. Chipko, Raini & Maiti Movements
10. Awards, Gene Resources, SAVE & Community Campaigns
11. Wildlife Laws, Statutory Bodies & Habitat Rights
12. Wildlife Decline & Agroforestry Research

1. State Forest & Plantation Schemes

- industrial development aur environment ke beech balance banaye rakhne ke liye Jharkhand ke tatkalin mukhyamantri shri raghubar das ne ek abhinav vichar prastut kiya aur Jharkhand mein mukhyamantri jan forest scheme shuru ki. is scheme ka purpose state ke green area ko badhakar aur adhisuchit forests par dabav kam karke environmental balance banaye rakhana hai. [Q1]
- 'apna forest apna dhan' scheme himachal Pradesh government dwara shuru ki gayi thi. is scheme ka purpose vanikaran ko badhava dena hai. [Q2]
- Prohibits all activities unless permitted - Jharkhand state (ISFR, 2023) 22° 00' N se 24° 37' N akshansh aur 83° 15' E se 87° 01' eastern deshantar ke beech located hai. Jharkhand mein reserved forests mein anumati milane tak sabhi activities par pratibandh hai. [Q3]
- 1 June, 2021 ko mukhyamantri vriksharopan protsahan scheme shuru hui. isliye statement I galat hai. is initiative ke tahat tree lagane wale labharthiyon ko government per ekad 10,000 rupaye ki protsahan rashi degi. [Q4]

2. Wildlife Protection Act & Environmental Law Timeline

- wildlife conservation se related pehla widespread kanun sansad dwara parit kiya gaya, jise rashtrapati ne 9 September, 1972 ko svikriti di aur yeh wildlife (conservation) Act, 1972 ke naam se jana gaya. [Q5]
- India mein wildlife (conservation) Act 1972 mein applied kiya gaya. [Q6]
- wildlife conservation Act, 1972 India ki sansad ka ek Act hai, jise plants aur animal species ke conservation ke liye banaya gaya tha. [Q7]

- Neither 1 nor 2 - wildlife (conservation) Act, 1972 different species ke wild janavaron, birds aur plants ki protection ke liye legal dhancha provide karta hai. yeh sirf wild janavaron ki protection tak simit nahi hai. hathi project India government dwara wild Asian elephants aur bandi elephants ke conservation ke liye shuru kiya gaya tha. isliye dono statement galat hain. [Q8]
- I, III, IV, II - wildlife (conservation) Act year 1972 mein enacted hua. tiger project year 1973 mein shuru kiya gaya. [Q9]
- forest (conservation) Act year 1980 mein enacted hua; 2023 ke sanshodhan ke baad iska abhi short naam 'forest (conservation aur sanvardhan) Act, 1980' (Van (Sanrakshan Evam Samvardhan) Adhiniyam, 1980) hai. Environment (Protection) Act year 1986 mein enacted hua. air (nivaran aur control ke pollution) Act year 1981 mein enacted hua. water (pollution nivaran aur control) Act year 1974 mein enacted hua. [Q10]

3. New Forest Inventory Design

- 2016 mein applied nayi forest suchikaran framework ne forest suchikaran (forest inventory) ka punabhraman samay 20 year se ghatakar 5 year kar diya. [Q11]

4. Wildlife Protection Schedules & Community Reserves

- It enjoys the same level of protection as the tiger. - wildlife (conservation) Act ki anusuchi-I mein listed species ko shikar aur avaidh kabje ya vyapar ke viruddh Act ka uchchatam level ka conservation milata hai, kuchh khas vaidhanik apavaddon ko chhodakara. isliye anusuchi-I mein listed kachhue ki species ko usi anusuchi mein listed tiger ke saman vaidhanik level ka conservation milata hai. [Q12]
- A license is required to cultivate that plant. - 2020 ke is sawal ke samay protected nirdisht plants wildlife (conservation) Act ki anusuchi VI mein listed the. aise nirdisht plants ki farming ke liye Act ke tahat laisens zaroori tha; isliye historic context mein option (A) sahi hai. [Q13]
- Galat kathan: 1, 2 and 3; wildlife (conservation) Act, 1972 ke ke mutabik ghadiyal, Indian wild gadha aur wild bhainsa - tinon ka kisi vyakti dwara shikar nahi kiya ja sakta, sivay kanun mein diye gaye kuchh pravadhanon ke antargata. [Q14]
- Wildlife Protection Act - 1972 - wildlife (conservation) Act, 1972 India mein wild janavaron ke conservation ke liye hai. [Q15]
- wildlife (conservation) Act (WLPA), 1972 ke ke mutabik samudayik (Community) reserved area protected areas ke tahat ate hain, jinmein marine protected area, National Park, Wildlife Sanctuary aur conservation reserved area bhi shamil hain. kisi area ko samudayik reserved area declared kiye jane ke baad WLPA ke pravadhan us par applied hote hain. WLPA ki dhara 36C ke ke mutabik, jahan community ya koi vyakti wildlife aur uske habitat ke conservation ke liye svehchha se age aya ho, state government National Park, Sanctuary ya conservation reserved area mein shamil na hone wali kisi niji ya samudayik land ko organism-jantuon, vanaspatiyon aur traditional ya sanskritik conservation values aur prathaon ki protection ke liye samudayik reserved area declared kar sakti hai. WLPA ki dhara 36D ke ke mutabik state government samudayik reserved area management samiti gathit karegi, jo samudayik reserved area ke conservation, rakharakhav aur management ke liye uttaradayi Authority hogi. samiti ek adhyaksh chunegi, jo samudayik reserved area ka Honorary wild life Warden bhi hoga. isliye statement 1 galat hai. [Q16]

5. Forest Conservation & Environment Protection Acts

- central forest (conservation) Act year 1980 mein enacted hua tha, taaki forests ke anarakshan aur forest land ke non-forestry use par central svikriti ka control rahe. 2023 ke sanshodhan ke baad Act ka abhi short naam Van (Sanrakshan Evam Samvardhan) Adhiniyam, 1980 hai. [Q17]

- central forest (conservation) Act year 1980 mein enacted hua tha, taaki forests ke anarakshan aur forest land ke non-forestry use par central svikriti ka control rahe. 2023 ke sanshodhan ke baad Act ka abhi short naam Van (Sanrakshan Evam Samvardhan) Adhiniyam, 1980 hai. [Q18]
- Environment Protection Act, 1986 India government ko environment conservation ki process mein janabghadari ki zarurat aur use obtained karne ki process aur tarika batane ka adhikar nahi deta. isliye statement 1 galat hai. yeh Act different sources se environmental pollutants ke emissions ya nirvahan ke standard specified karta hai. isliye statement 2 sahi hai. isliye option (b) sahi jawab hoga. [Q19]

6. Forest Research & Management Institutions

- Dehradun - forest research institute deharadun mein located hai. [Q20]
- Shimla - sawal mein ullikhit institute shimla mein located hai. 1998 mein ICFRE mein forestry research ke punargathan ke samay India government ne samashitoshn Ecology system (Eco-system) ki samasyaon ko mahatv diya aur is centre ko complete developed research institute ke roop mein developed karne ka nirnay liya. [Q21]
- Dehradun - forest research institute, Indian parishad ke forestry research aur shiksha ka ek institute hai aur India mein forest research ke area ka main institute hai. yeh Uttarakhand ke deharadun mein located hai aur apni tarah ke sabse purane sansthanon mein se ek hai. [Q22]
- “forest research institute (FRI), deharadun” ki jaden 1906 mein country mein forestry research ko sangathit aur operated karne ke liye established tatkalin shahi forest research institute mein hain. iska itihis sirf India hi nahi, balki pure Indian upamahadvip mein scientific forestry ke development aur utkranti ka paryay hai. [Q23]
- Dehradun - “forest research institute (FRI), deharadun” ki jaden 1906 mein country mein forestry research ko sangathit aur operated karne ke liye established tatkalin shahi forest research institute mein hain. iska itihis sirf India hi nahi, balki pure Indian upamahadvip mein scientific forestry ke development aur utkranti ka paryay hai. [Q24]
- Dehradun - “forest research institute (FRI), deharadun” ki jaden 1906 mein country mein forestry research ko sangathit aur operated karne ke liye established tatkalin shahi forest research institute mein hain. iska itihis sirf India hi nahi, balki pure Indian upamahadvip mein scientific forestry ke development aur utkranti ka paryay hai. [Q25]
- IIFM (bhopal mein located) ki establishment 1982 mein agriculture Ministry ke tahat ek svayatt sanstha ke roop mein ki gayi thi aur baad mein ise India government ke environment aur forest Ministry ke adhin laya gaya. tab se institute ne environment aur satatata ke area mein svayan ko shiksha, prashikshan, research aur paramarsh organization ke roop mein developed kiya hai. [Q26]
- 10 years - Jharkhand government ne 10 varshon ki avadhi ke liye wildlife management scheme praranbh kiya. [Q27]
- Galat kathan: Survey of India; sarvekshan ke India, science aur technology vibhag ke tahat national sarvekshan aur manachitran organization hai, jise country ki main manachitran ejensi ki bhumika saunpi gayi hai. iski establishment 1767 mein hui thi. [Q28]
- Dehradun - Indian parishad ke forestry research aur shiksha (ICFRE) national forestry research system ka ek shirsh nikay hai, jo zarurat-based forestry research expansion ko badhava deta aur operated karta hai. iska mukhyalay deharadun, Uttarakhand mein located hai. [Q29]

7. Bamboo, Indian Forest Act & Forest Rights

- Bamboo - non-forest area mein ugane wale bans ko Indian forest (sanskshodhan) Act 2017 mein trees ki paribhasha se bahar kar diya gaya. ab janajatiy log aur garib kisan economic labh ke liye iska use kar sakte hain. [Q30]
- Indian forest Act, 1927 mein hal ke sanshodhan ke ke mutabik non-forest areas mein ugane wale 'bans' (Bamboo) plants ko tree ki paribhasha se chhut di gayi hai. sanshodhit kanun [Indian forest (sanskshodhan) adhyadesh, 2017]] ke ke mutabik non-forest areas mein uge bans ko katana ya uska parivahan karna legal roop se anumati hai. isliye statement 1 galat hai. anusuchit janajati aur dusre paranparagat forest nivasi (forest adhikaron ki recognition) Act, 2006 ke tahat Minor forest upaj (MFP) ko bans sahit paudh-utpatti ki sabhi non-kashth forest upaj ke roop mein define kiya gaya hai. isliye statement 2 sahi hai. anusuchit janajati aur dusre paranparagat forest nivasi (forest adhikaron ki recognition) Act, 2006 vanavasiyon ko laghu forest upaj ka svamitv provide karta hai. isliye statement 3 bhi sahi hai. isliye option (b) sahi jawab hoga. [Q31]

8. India in World Wildlife

EXAM TRAP India ke paas world ke site area ka lagbhag 2.4% hissa hai, lekin global biodiversity ka anupat isse kafi zyada hai. world ki organism-jantuon ki species mein India ki hissedari ka percent used classification, dataset aur year ke ke mutabik badalata hai; jnyat species ya biodiversity ke liye lagbhag 7-8% jaise ankade aam taur par uddhrit hote hain. sawal "world wildlife" ki koi clear paribhasha diye bina ek fixed percent puchhata hai aur diye gaye options mein koi ek nirvachan jawab nahi hai. [Q32]

9. Chipko, Raini & Maiti Movements

- Sundarlal Bahuguna - chipko movement 1970 ke dashak mein forests ke vinash ke viruddh ek sangathit movement tha. sundarlal bahuguna is movement ke netaon mein se ek the. [Q33]
- chandi prasad bhatt chipko movement ke main aghaduton aur ayojakon mein the aur unhone Dasholi Gram Swarajya Mandal ki establishment ki, jo movement ka important sangathanatmak basis bana. sundarlal bahuguna bhi movement ke main neta the aur unhone iske sandesh ko widespread level par pahunchaya. [Q34]
- Deforestation - chipko movement forests ki cutting ke viruddh tha. chandi prasad bhatt aur sundarlal bahuguna is movement ke main neta the. [Q35]
- 1970 ke dashak mein forest vibhag ne joshimath ke raini ganv mein lagbhag 680 hekter forest ki nilami ki. iske baad gaura devi ke netritv mein saikadon mahilaon ne trees se chipakakar forests ki cutting ka virodh kiya. [Q36]
- Kalyan Singh Rawat - maiti term 'mait' se bana hai, jiska Uttarakhand mein meaning vivahit mahila ka mayaka hai. is movement mein koi dhan kharch nahi hota, balki vivah ke din navavivahita apne ghar se vada hote samay ek paudha lagati hai. [Q37]

10. Awards, Gene Resources, SAVE & Community Campaigns

- rajiv gandhi wildlife conservation award wildlife conservation ke area mein important contribution ke liye pratishthapit diya jata hai, jismein ya jiske dwara country mein vanyajivon ki protection aur conservation par bada effect dala ho ya dalane ki capacity ho. ek-ek lakh rupaye ke do award shiksha aur research sansthanon, sangathanon, forest aur wildlife adhikariyon/research vidvanon ya vajnyanikon/wildlife sanrakshanavadiyon ko diye jate hain. isliye (d) sahi jawab hai. [Q38]
- New Delhi - national plants anuvanshik resources byuro ki establishment/punarnamakaran 1977 mein hua. iska mukhyalay nayi Delhi mein hai. yeh organization phasal sudhar mein use ke liye plants parichay aur janadhravy sanvardhan (germplasm augmentation) se related activities ki nodal ejensi ke roop mein work karta hai. [Q39]

- Protection of forests and wildlife - amrita devi smriti award Rajasthan government ke forest vibhag dwara wildlife conservation ke area mein important contribution ke liye diya jata hai. yeh nakad award wildlife conservation mein sanlagn vyaktiyon/sansthanon ko provide kiya jata hai. [Q40]
- nepal ne hal hi mein (February, 2011) nepal aur India mein giddhon ko bachane ke liye 10 varshiy program shuru kiya, jo unke dwara khae jane wale mrit animals mein davaon se hone wale widespread vishaktan se ubarane ke liye sangharsh kar rahe hain. 'SAVE' (Saving Asia's Vultures se Extinction) program british royal sosaiti ke liye conservation ke birds, prani-science sosaiti ke London aur nepal government dwara sanyukt roop se shuru kiya gaya tha. [Q41]
- Gond and Korku - gond aur koraku janajatiyan har ek year ek mah lanbe ecological abhiyan/utsav ke dauran phaladar trees ke plants lagati hain. [Q42]

11. Wildlife Laws, Statutory Bodies & Habitat Rights

- wild organism (conservation) Act, 1972 ki dhara 39(1) ke ke mutabik, har ek wild animal state government (ya kuchh mamalon mein centre government) ki sanpatti hota hai, isliye statement 1 sahi hai. Act protected area ke andar ya bahar paye jane wale animals mein bhed nahi karta; anusuchit ya protected wild animal ko legal conservation dono hi sthitiyon mein saman roop se obtained hota hai, isliye statement 2 sahi hai. statement 3 galat hai: sirf yeh ashanka ki animal threat ban sakta hai, pakadane ya marane ke liye paryapt basis nahi hai; saksham pradhikari (mukhya wildlife pratipalak) ko santusht hona chahiye ki animal vastav mein khataranak, rogagrast ya apang ho chuka hai. [Q43]
- animal Welfare bord ke India ki establishment nivaran ke Cruelty se animals Act, 1960 ke tahat hui thi, Environment (Protection) Act, 1986 ke tahat nahi; isliye statement 1 galat hai. national tiger conservation Authority, wildlife (conservation) Act ke tahat ek vaidhanik nikay hai; isliye statement 2 sahi hai. 2014 ke sawal-kal mein National Ganga River Basin Authority ki adhyakshata pradhanamantri karte the; isliye statement 3 us samay sahi tha. NGRBA ko 2016 mein samapt kar national Ganga parishad banaya gaya; yeh baad ka change historic jawab ko nahi badalata. [Q44]
- forest adhikar Act, 2006 mein "serious wildlife habitat" ki clear paribhasha di gayi hai; isliye statement 1 sahi hai. Madhya Pradesh ka baiga community forest adhikar Act ke tahat habitat adhikar pane wala India ka pehla khas roop se sanvedanashil (Particularly Vulnerable) janajatiy group mana jata hai; isliye statement 2 sahi hai. statement 3 galat hai: habitat adhikar ki recognition forest adhikar Act ki vaidhanik process mein gram sabha aur specified samitiyon ke medium se hoti hai; central level par janajatiy work Ministry (Tribal Affairs) nodal Ministry hai, na ki environment, forest aur climate change Ministry dwara akele adhikar declared kiye jate hain. [Q45]

12. Wildlife Decline & Agroforestry Research

- Galat kathan: Fast pace of population growth; natural habitat ka nukasan biodiversity aur vanyajivon mein kami ka main direct reason hai. vanagni seedhe habitat destroy kar sakti hai aur wildlife mrityu ka reason ban sakti hai, jabki avaidh vanijyik wildlife vyapar direct dohan ka roop hai. [Q46]
- Jhansi - national agriculture forestry research centre ki establishment ICAR (Indian parishad ke agriculture research) ki ek ikai ke roop mein 1988 mein hui. December, 2014 mein iska naam badalakar central agriculture-forestry research institute (Agroforestry) (CAFRI) kar diya gaya. [Q47]
